

## Applicability

This Schedule is applicable to individual family accommodations devoted primarily to residential, household and related purposes (as distinguished from commercial, professional and industrial purposes), to general farm service on a farm, where the residence on such farm is supplied through the same meter, and to public dwelling units as provided in Special Provision 1.

## Character of Service

Alternating current at a frequency of approximately 60 Hertz: 120 volts, 120/208 volts or 120/240 volts, single phase, as specified by the District. Three phase service may be specified and supplied by the District at its option for residential heating and/or air conditioning loads.

## Monthly Charges

The total amount of a customer's bill, excluding applicable local and state taxes and surcharges, will be the sum of the charges listed below and any adjustments for Special Provisions, effective on the date of meter reading for each account.

Customers provided service on this Rate have been granted a fifty percent (50%) discount on the first 500 kilowatt-hours of usage per month. Remaining kilowatt-hours will be billed at the applicable Rate Schedule. All special conditions and minimum charges of the Residential Rate Schedule remain in force.

<b>Summer (May – September)</b>	<b>Winter (October – April)</b>
Fixed Monthly .....\$31.00	Fixed Monthly .....\$31.00

## Territory Served

The entire area within the Modesto Irrigation District electric service boundary or any other area served by Modesto Irrigation District pursuant to the laws of the State of California and the District's Electric Service Rules.

## Special Provisions

### 1. Multiple Dwelling Units

Apartment houses, or groups of apartments in the same building or on the same premises, which are not "NEW BUILDINGS" as that term is used in Section 113(b)(1) of the Public Utility Regulatory Policies Act of 1978 (PURPA), may receive service under this Schedule through one meter, provided that such energy is not resold by the apartment owner or any other agency. When service is thus taken, the customer shall be put on the applicable Residential D Rate.

### 2. Medical Life Support Discount

Residential customers who provide the required physician's certification, approved by the District, will be able to apply for the discounted Medical Life Support Rate. To qualify, a physician licensed to practice medicine in the state of California must establish that a resident of the household is the doctor's patient and the resident is:

- a) Dependent uses an electric wheelchair, oxygen concentrator, in-home dialysis cyclor or other life support device. Devices used for therapy rather than life support do not qualify. The device must be plugged in and not battery operated.
- b) A paraplegic, hemiplegic or quadriplegic person with special heating or air conditioning needs.
- c) A person with multiple sclerosis, scleroderma or has a compromised immune system, life threatening illness, or any other condition for which additional heating or cooling is medically necessary to sustain the person's life or prevent deterioration of the person's medical condition.
- d) The life support device(s) and/or condition requiring additional heating or cooling will be required for a minimum of 12 months.

Eligibility for the Medical Life Support Rate must be approved by the Energy Services Staff and physician's confirmation is required annually, except when the patient is permanently disabled and income information is confirmed by official documentation, confirmation is required every three years. It is the responsibility of the District's customer to notify the District of a change of equipment or if the equipment is no longer needed.

To be eligible to receive this Rate, the customer must qualify under the eligibility criteria set forth herein and meet certification requirements thereof to the satisfaction of the District. Total gross annual income for all persons in the customer's household may not exceed the California Department of Housing and Community Development (HCD) median family income published in the previous year (the higher of San Joaquin or Stanislaus counties).

**3. Income Certification**

Customers must submit an application to the District or its designated certification agent(s) with proof of income satisfactory to the District. Eligibility will be determined based on this Rate Schedule.

Customers suspected of providing incorrect or incomplete information for this Rate may be required to re-certify at any time. Further, the District reserves the right to conduct random audits to determine a customer's eligibility. Failure by any customer asked to provide proper proof of eligibility will result in disqualification of customer's eligibility to receive this Rate. It is the responsibility of the customer to immediately notify the District when the customer is no longer eligible for this Rate.

**4. Energy Assistance Program**

A discount of 60% will be applied to the Fixed Monthly Charge and a discount of 23.1% will be applied to the first 850 kWh of Electric Usage for low income customers who meet eligibility requirements and are enrolled in the MID CARES program as outlined in Electric Service Rule No. 19.

**5. Electric Service Rules**

Service under this Schedule is subject to the District's Electric Service Rules as they may be amended from time to time.
