

# Solar System and Energy Storage Device Application

Assigned Rep:

Date Reviewed:

**Mail Complete Application Packet to:** MID Energy Services - Solar, P.O. Box 4060, Modesto, CA 95352-4060  
Electronic submissions are NOT accepted

## Service Type

- New Construction (Sq Ft \_\_\_\_\_)
  Residential
  Commercial
  Industrial
  Agricultural

## MID Customer Information (Must match name on MID Account)

Customer Name (As appears on MID bill)			MID Account #
Installation Address			City/Zip Code
Mailing Address (if different than above)			City/State/Zip Code
Application Date	Daytime Phone Number	Alternate Name and Phone Number (if applicable)	E-mail Address

## Contractor / Vendor Information

Contractor email below will receive all MID correspondence regarding application, project review and project advancement notices. All fields required.

Contractor / Vendor Name		Contractor Class & License Number
Mailing Address		City, State and Zip Code
Contractor Phone Number	Contact Person Name	Contractor Email Address (Please provide alternate email if necessary)

## Generation Facility Type

- NEM1
  NEM2
  NEM1 to NEM2

- New Solar System  
 New Solar System with New Energy Storage Device  
 Energy Storage Device Only Installation  
 Modification to an Existing System  
      Solar Panels       Energy Storage Device(s)  
 Multi-Family Solar

## For District Use Only - Project Summary

Total Number of Arrays	Total CEC-AC Rating (kW)	Total CSI Rating (kW)	Total CSI Annual (kWh) Generation
Max System Size Allowed	Total Number of Energy Storage Device(s)	Total Storage Device(s) Peak (kW)	Total Storage Device(s) Capacity (kWh)

## Energy Storage Device Details

Please provide data sheets for any energy storage device

Quantity	Energy Storage Device Manufacturer	Model Number	Device (s) Peak (kW)	Storage Capacity (kWh)
Quantity	Energy Storage Device Manufacturer	Model Number	Device (s) Peak (kW)	Storage Capacity (kWh)

## Solar Array Details

Please enter arrays by orientation

Solar Module Manufacturer	Model Number	Number of Modules in Array
Inverter Manufacturer	Model Number	Array Orientation (West, SW, Tracker, etc)
CEC-AC Rating (kW)	CSI Rating (kW)	CSI Annual Generation (kWh)

Solar Module Manufacturer	Model Number	Number of Modules in Array
Inverter Manufacturer	Model Number	Array Orientation (West, SW, Tracker, etc)

## TERMS AND CONDITIONS

Each of the undersigned declares under penalty of perjury that:

**1. The above-mentioned solar system:**

- a. Is designed to offset all or part of the customer's annual electrical needs. System sizing not to exceed 115% of customer's annual demonstrated load (See MID Net Energy Metering Interconnection Handbook for details.)
  - b. Is located on the customer's premise and within Modesto Irrigation District's (MID's) service territory.
2. The customer acknowledges that no MID incentive is available for the installed PV system.
  3. A **non-refundable \$300** Interconnection fee shall be required (see MID Electric Service Rule 21 Appendix A) for systems of less than 100 kW AC-CSI rating. Systems greater than 100 kW AC-CSI rating shall require a non-refundable **\$800** Interconnection fee (pursuant to MID Electric Service Rule No. 21 Appendix A).
  4. Applications that are over one year old (from the date of the District's acknowledgment) are subject to cancellation by the District; however, the District will not cancel an application if reasonable evidence that the project is still active is provided.
  5. The customer agrees to grant MID access to the customer's property for the purpose of on-site inspection(s) to verify that the site and installed equipment are as stated.
  6. MID is NOT party to the installation contract between the customer and contractor/vendor. MID does not warranty or in any way guarantee the quality of the PV equipment. Acceptance of such is the customer's responsibility. MID is not responsible for any Tax Liability associated with the receipt of any Utility, State, or Federal Government offered Rebate(s). The customer shall comply with all city and/or county ordinance(s) and obtain all required city and/or county permits.
  7. The customer has read, understood, and agreed to the program requirements as stated in the MID Net Energy Metering 2.0 Interconnection Handbook.
  8. The information on this form is true and correct to the best of their knowledge.
  9. Customer and contractor acknowledges the installation of a solar system and/or energy storage device(s) **will not eliminate a monthly bill from MID** under the **NEM 2 program**.
