

AUTOMATIC BILL PAY PROGRAM

Automatic Bill Pay (ABP) is a voluntary program developed for your convenience. It allows you to have your payments for monthly electric service debited directly from your bank account.

Benefits to our customers

Convenient – no more writing checks and mailing payments each month.

A money saver – no postage, no check costs.

Reliable – your MID bill is always paid on time even if you forget, go on vacation, or are sick.

Safe – your payment can never be lost or stolen in the mail.

Free – it is a free service for MID customers.

How ABP works

MID will send your monthly statement and you will have 10 calendar days (from the issue date shown on your statement) to review the amount you owe before money is taken from your bank account. If your bank account does not have enough money to pay the MID bill twice in a 12-month period, you no longer qualify for the program. If you have a question about your bill, please call MID Customer Service, (209) 526-7337 or toll-free (888) 335-1643.

Participation

- Once approved, the ABP program will commence with the next monthly billing.
- Continue to pay your MID bills as you have until you receive a bill with the notice “Do Not Pay” written on it.
- You will receive a monthly MID statement and have 10 calendar days from the statement date to review it before the payment is deducted.
- If you close or change your bank account, it is your responsibility to notify the MID.
- If you are enrolled in ABP and your MID bill cannot be paid due to two returned payments in a 12-month period, the account will be removed from the program. You will not be eligible to participate in the program for twelve months.
- When the account is removed from the program, any outstanding balance is due.

1. Fill out the form completely and sign the application.
2. The name of the MID account must match the name on the bank account.
