

MPOWERBusiness

2009 Qualification Standards

Modesto Irrigation District's MPower Business Rebate Program offers commercial, industrial and agricultural customers' cash rebates for the purchase and installation of qualifying energy efficient products. Minimum qualifications must be met. General program restrictions are listed below. Refer to Rebate Catalog for product specific requirements and limitations.

- Purchase and Install qualifying product(s) between November 1, 2008 and December 18, 2009. These dates may change if funds are depleted sooner. Qualifying products must be installed before submitting your application. The application and supporting materials should be returned within 90 days of purchase date. All applications must be postmarked by December 18, 2009 to be considered eligible.
- For all qualifying measures, the product purchase date is determined by proof of purchase documents, such as the customer acceptance date of a contract for services, a detailed itemized and dated invoice, contract or the printed date on a store cash register receipt.
- Pre-Inspection may be required. See each measure for details.
- All products are subject to a post-installation inspection by MID. MID reserves the right to request manufacturer specifications and/or data for any product.
- In no case will MID pay more than 100% of the actual purchase price for the product(s) that qualify for a rebate, and purchase price is net of taxes and shipping. Proof of purchase document(s) must include price per product and detailed payment terms or "type of transaction" (i.e., cash, credit, etc.).
- These rebates do not apply to new construction, additions to existing facilities, or reconstruction of existing facilities (ex: gut and rehab, change of occupancy) that must comply with Title 24 Energy Standards. See MID web site for information about rebates for non-residential new construction.
- Products can only receive one MPower Business rebate from MID during its useful life period, see rebate specifications. Reapplication for rebate will not be accepted during this period.
- Rebate may be redirected to the owner or a duly authorized agent of the customer or owner, such as a property manager, but not to a vendor. Rebates take from six-to-eight weeks to process. MID is not responsible for any taxes that may be imposed on your business as a result of this rebate.
- Rebates are issued by check unless otherwise requested by customer.
- MID reserves the right to periodically review and make changes to rebate qualification standards and to determine final program eligibility.
- Measures not in the Rebate Catalog may qualify for the MPower Business: Custom Rebate Program.

Rebate Payment Caps

The maximum annual payment cap for this program is determined per account (non-totalized), by the applicable MID electric rate schedule: \$10,000 (GS-1, FL, SL); \$20,000 (GS-2, GS-TOU, P-3,); or \$50,000 (GS-3, IC-25). For totalized accounts, the maximum annual payment cap is applied per metered service. Customers eligible for a rebate that exceeds this cap may request an exemption.

Exemptions to the cap require pre-approval by MID and are subject to a determination of available funding, which may not occur until the latter part of the current year. If budgeted funds are not available in the current year, at its discretion, MID may approve payment of the overage for the following year. In such cases, this payment would be made during the first quarter of that year.

Rebate payments above the cap will be limited to 75% of the actual purchase price for qualifying product(s) with the exception of Network PC Management Software (Rebate ID CB001).

Remember to:

- Include photocopy of all original receipts/invoices or contracts for all products.
- Complete all sections of the application, including contractor information and signature.
- Include supplemental supporting technical information or specifications.

Send completed application and supporting materials to:

MID Energy Services Department
P.O. Box 4060, Modesto, CA 95352-4060

2009 Rebate Application

Applicant Information (please print)

Customer/Tenant Name (as it appears on MID bill)	MID Account Number
Installation Address	City / Zip
Contact Person / Title	Contact Phone Number
Owner Name (if different than Customer/Tenant)	
Payee of Rebate Check	Federal Tax Identification Number
Mailing Address for Rebate	City / State / Zip

Project and Rebate Summary (use multiple applications as needed)

Rebate ID	Manufacturer	Model #	Install Date	Unit of Measure	Number of Units	Rebate per Unit	Rebate Total
CL001	ABC Manufacturing	X123-A	1/1/2008	Fixture	100	\$95.00	\$9,500.00
Total Rebate Amount							

Customer Acceptance of Terms (must be completed to apply for rebate)

I certify that I have purchased and installed the indicated energy-saving products for use in my business facility and not for resale. I agree to verification by the MID of both sales receipts and product installation. I have read and understand the program requirements set forth in the MPower Business Rebate Program Qualification Standards and attest that all given information is correct. I agree to provide MID with 100% of the energy savings for the rated life of the product or for three years from receipt of rebate, whichever is less. If I do not provide the energy savings or if I cease to be a MID customer during the three years, I shall refund a prorated amount of rebate dollars based on the time installed.

Customer Signature	Date	<i>A/C Rebates Only: Existing S.T.E.P. Participants Only:</i> I wish to remain on this program and have MID install a control device on my new air conditioner. Yes <input type="checkbox"/> No <input type="checkbox"/>
Owner Signature (if renting or leasing)	Date	

Contractor Information and Certification Additional information may be required (see Supplemental Data Sheet)

Contractor Name	Contractor License Number	Telephone Number
Contractor Address	City/State/Zip Code	Alternate Telephone Number
I certify that the products described in the preceding section installed at the above installation address and attest that all information given is correct.	Contractor Signature	Date

No applications accepted after December 18, 2009. Funds are limited; submit application within 90 days of purchase.
 Include photocopy of itemized and dated receipt, contract or invoice for all products. Use additional applications if necessary.
Send to: MID Energy Services Dept., P.O. Box 4060, Modesto, CA 95352-4060
