## Express Rebate Qualifications 2012

Modesto Irrigation District's MPower Business Rebate Program offers commercial, industrial and agricultural customers cash rebates for the purchase and installation of qualifying energy efficient products. Minimum qualifications must be met. General program restrictions are listed below. Refer to Rebate Catalog for product specific requirements and limitations.

- Purchase (not lease) and install qualifying product(s) between November 1, 2011 and December 15, 2012. These dates may change if funds are depleted sooner. Qualifying products must be installed before submitting your application. The application and supporting materials should be returned within 90 days of purchase date. All applications must be postmarked by December 15, 2012 to be considered eligible.
- For all qualifying measures, the product purchase date is determined by proof of purchase documents, such as the customer acceptance date of a contract for services, a detailed itemized and dated paid invoice, contract or the printed date on a store cash register receipt. Proof of purchase document(s) must include price per product and detailed payment terms or "type of transaction" (i.e., cash, credit, etc.). Leases and / or performance based projects do not qualify for MID rebates. All documentation must be legible.
- The net purchase price is defined as the documented purchase cost less any taxes, shipping and incentives received from another utility or state or federal program (other than tax credits). Applicants are required to inform MID of any other incentives for which they have applied and/or may receive.
- Items not meeting all of the stated requirements will not be processed until proper documentation is received. Upon MID notification, if required documentation is not received by MID within 30 days, the application will be voided.
- Pre-Inspection may be required. See each measure for details.
- All products are subject to a post-installation inspection by MID.
- MID reserves the right to request manufacturer specifications and/or data for any product.
- These rebates do not apply to new construction, additions to existing facilities, or reconstruction of existing facilities (ex: gut and rehab, change of occupancy) that must comply with Title 24 Energy Standards. See MID web site for information about rebates for non-residential new construction.
- Products can only receive one MPower Business rebate from MID during its useful life period, see rebate specifications. Reapplication for rebate will not be accepted during this period.
- Rebate may be redirected to the owner or a duly authorized agent of the customer or owner, such as a property manager, but not to a vendor. Rebates take from six-to-eight weeks to process. MID is not responsible for any taxes that may be imposed on your business as a result of this rebate.
- Rebates of \$600 or less are issued as credits on the electric account for customers. Rebates greater than \$600 are issued by check for customers. IRS W-9 form is required for rebate totals of \$600 or more. Check rebates are eligible only to customers in good financial standing with MID (subject to MID approval).
- Property owners or authorized payees – Rebates of \$100 or less are issued as credits on the active electric account. Rebates over \$100 are issued by check. IRS W-9 form is required for rebate totals of \$600 or more.
- Funds received from sources other than MID rebate programs that lower the cost of the project may affect the incentive amount applicants receive. These sources include all third-party energy efficiency programs offering direct funding, financing or rebates (other than tax credits). The funded amount(s) will be deducted from the actual and documented Project Cost as it relates to the MID criteria and the maximum accrued rebate will not exceed net Project Costs. Applicants are required to inform MID of any other incentives for which they have applied and/or may receive.
- Rebates issued at the sole discretion of MID. Rebates anticipated to exceed \$3,000 and all exceptions require written pre-authorization of the MID Energy Services Department.
- MID reserves the right, without prior notice, to periodically review and make changes to rebate qualification standards and to determine final program eligibility. See [www.mid.org/rebates](http://www.mid.org/rebates) for current information and forms.
- Customer must disclose to MID, at the time of the rebate pre-inspection (if required for rebate item) exactly what energy efficiency modifications are planned and where exactly on the premises they will be installed. Projects that significantly differ in application, scope of install location from MID's information may not be eligible for rebate.
- Measures not in the Rebate Catalog may qualify for the MPower Business: Custom Rebate Program.

### Rebate Payment Caps

The maximum annual payment cap for this program is determined per account, by the applicable MID electric rate schedule: \$10,000 (GS-1, FL, SL); \$20,000 (GS-2, GS-TOU, P-3.); or \$50,000 (GS-3, IC-25). Customers eligible for a rebate that exceeds this cap may request an exemption. Exemptions to the cap require pre-approval by MID and are subject to a determination of available funding, which may not occur until the latter part of the current year.

Rebate payments are limited to a percentage of the net purchase price of the qualifying product(s). The percentage is set relative to the maximum annual payment cap: below the cap – 100%; above the cap – 75%, with the exception of Network PC Management Software (Rebate ID CB001) which remains at 100%.

## Express Rebate Application 2012

Applicant Information (Please print using blue or black ink)	
Customer/Tenant Name (as it appears on MID bill)	MID Account Number
Installation Address	City / Zip
Owner Name (if different than Customer/Tenant)	Contact Phone Number
Payee of Rebate Check (See qualifications for check distribution details)	Federal Tax Identification Number
Mailing Address for Rebate Check	City / State / Zip

Rebate Item Details							
Rebate ID	Manufacturer	Model #	Install Date	Unit of Measure	Number of Units	Rebate per Unit	Rebate Total
<b>Rebate Summary Sheet Total</b>							
(Use Rebate Summary Sheet only if more than nine rebate items included with application)							
<b>Total Rebate Amount Requested</b>							
(include all rebate items)							
(W-9 required for rebate totals of \$600 or more)							

Customer Acceptance of Terms (must be completed to apply for rebate)		
<p>I certify that I have purchased and installed the indicated energy-saving products for use in my business facility and not for resale. I agree to verification by the MID of both sales receipts and product installation. I have read and understand the program requirements set forth in the MPower Business Rebate Program Qualification Standards and attest that all given information is correct. I agree to provide MID with 100% of the energy savings for the rated life of the product or for three years from the receipt of the rebate whichever is less. If I do not provide the energy savings or I cease to be an MID customer during the three years, I shall refund a prorated amount of dollars based on time installed.</p>		
Authorized Signature	Print Name and Job Title	Date
Owner Signature (if renting or leasing)	Print Name and Job Title	Date
<i>A/C Rebates Only: Existing S.T.E.P. Participants Only:</i> I wish to remain on this program and have MID install a control device on my new air conditioner. Yes <input type="checkbox"/> No <input type="checkbox"/>		

Contractor Information and Certification (If owner installed, enter "Self")		
Additional information may be required (see Supplemental Data Sheet)		
Contractor Name	Contractor License Number	Telephone Number
Contractor Address	City/State/Zip Code	Alternate Telephone Number
I certify that the products described in the preceding section installed at the above installation address and attest that all information given is correct.	Contractor Signature	Date

**No applications accepted after December 15, 2012. Funds are limited; submit application within 90 days of purchase.**  
 Include photocopy of itemized and dated receipt, contract or invoice for all products.  
 Send to: MID Energy Services Dept., P.O. Box 4060, Modesto, CA 95352-4060
