Systems, Appliances and more.

Read about rebates for your home
and business at mid.org/rebates

How to apply

1. Read the Terms and Conditions at mid.org/rebates to determine if you are eligible for a rebate.
2. Locate the item(s) that you are applying for in this catalog. Be sure to review the important qualification information.
3. Purchase and install the qualifying product(s) in your home.
4. Complete, sign and submit your application, with all necessary documents, within 90 days of purchase.
5. Rebate amount is based on the program offering and funding levels applicable on the date the application is received.

Modesto Irrigation District (MID) offers rebates on many energy-efficient products and improvement for your home. When you purchase and install these products, you can save energy and money while reducing your impact on the environment.

More ways to save

Visit mid.org for energy conservation tips and ideas in addition to rebates, MID offers a wide range of ways to save energy, money and help the environment.

Visit your online profile to view in depth information regarding your account to start on the path to an energy efficient home.

MID also offers several financial and medical discount programs for customers who qualify. Visit mid.org/yourhome/programs to see if you are eligible.

NEW

Electric Vehicle Charger

Please read the details below to ensure you are installing a qualifying product(s).

Level 2 Electric Vehicle Charger

UP TO **\$500**
REBATE PER CHARGER

REBATE ID EV100

Rebate based on Pre-tax cost of charger(s) as stated on invoice. Maximum rebate is 100% eligible cost.

REQUIREMENTS

- EV chargers must be for the sole use of Department of Transportation-approved highway vehicles.
- The Level 2 charger/s must be installed at the same address that appears on the California Department of Motor Vehicles registration of the electric vehicle being charged.
- Qualifying Level 2 charger/s must be new and unused and certified by either Underwriters Laboratories Inc. (UL Listed) and/or ETL Intertek listed.
- Residential chargers must be wall-mounted, non-portable and either 240-Volt plug-in or 240-Volt hard-wired. Compliance with local building codes and related inspections are required.

DOCUMENTS NEEDED

- Paid in full invoice or vehicle lease/purchase agreement where qualifying EV charger cost is itemized.
- Copy of DMV registration.

LIMITATIONS

- Limit 2 Electric Vehicle Charger rebates, one per registered vehicle, per household.

EXCLUSIONS

- Chargers for all carts, motorcycles and electric scooters do not qualify for this incentive.

HOME COOLING

DOCUMENTS NEEDED

1. Application
2. Proof of purchase with Brand Name and Model Numbers
3. Current AHRI Certificate of Product Ratings (www.ahrinet.org)
4. A copy of the permit (city or county, as applicable) is required

Central Air Conditioner / Heat Pump

REQUIREMENTS

- A California State License Board contractor in good standing with a C-20 license must perform installation.
- Brand name and model numbers must be included on invoice.
- Unit must be listed (Active Status) on the Consortium for Energy Efficiency (CEE) Directory of Efficient Equipment (www.ahrinet.org).
- Split systems require installation of matching (indoor) coil.
- Split systems using water/evaporative-cooled condensers may be eligible provided the air conditioning system has a current AHRI Certificate of Product Ratings. MID will determine qualification of rebate.
- For rooftop installations, customer must provide code-compliant access for MID inspection.

LIMITATIONS

- Limit 2 Central Air Conditioner / Heat Pump rebate per household.
- Maximum cooling capacity 65,000 Btu/h (5 Tons) per unit.

OTHER INFORMATION

Rebate given for replacing an existing home air conditioner or adding a new unit.

WHICH TIER IS MY UNIT?

Check the requirements below to find out the CEE Tier of your Air Conditioner or Heat Pump.

CEE Tier 1

Split Systems must have at least these ratings
SEER: 15.0, EER: 12.5, HSPF 8.5

Packaged Units must have at least these ratings
SEER: 15.0, EER: 12.0, HSPF 8.2

CEE Tier 2

Split Systems must have at least these ratings
SEER: 16.0, EER: 13.0, HSPF: 9.0

Packaged Units must have at least these ratings
SEER: 16.0, EER: 12.0, HSPF: 8.2

TERMS

SEER = Seasonal Energy Efficiency Ratio
EER = Energy Efficiency Ratio
HSPF = Heating Seasonal Performance Factor (on heat pumps only)

General Improvement

Attic Insulation

REQUIREMENTS

- Must have pre-retrofit insulation level of R-11 or less.
- Final insulation level must be R-30 or greater.
- When adequate attic crawl space is not available (24 inches from ceiling joist to roof rafters), the minimum purchased insulation level must be R-19.
- Primary heat source must be electric.

LIMITATIONS

- Maximum rebate of \$850, per household.

EXCLUSIONS

- Garages and other non-living areas do not qualify.
- Homes with natural gas or propane as primary heat source do not qualify.

17¢

REBATE PER SQUARE FOOT

REBATE ID HG301

Rebate only available in homes with electric heat pump or resistance baseboard heating as the primary heating source.

Radiant Barrier

REQUIREMENTS

- Residence must have central air conditioning system (portable A/C units and evaporative (swamp) coolers do not qualify).
- Rebate applies to square footage of central air-conditioned space of the first floor only.
- Must have a radiant heat rejection rating of 95% or greater and must meet ENERGY STAR® emissivity requirements.
- Radiant barrier applied to roof sheeting, attached to rafters or laid over existing attic insulation.

LIMITATIONS

- Maximum rebate of \$500, per household.

OTHER INFORMATION

- Can be installed by a contractor or self-installed by homeowner.
- Conventional architectural overhangs are allowed in the square footage.

WINDOW SUN SHADING

Sun Screen & Window Film

REQUIREMENTS

- Number of sunscreens or window film and square feet installed must be included on invoice.
 - Must be installed according to the manufacturer's instruction on south, east or west facing windows (any direction except 45 degrees of true north). Qualification of marginal orientations and/or circumstances is subject to the sole discretion of MID.
 - Must be installed in space conditioned by refrigerant-based air conditioning (central, window or wall unit).
 - Must cover the entire window aperture.
- WINDOW FILM:** Must have a SHGC of .39 or less
- SUN SCREENS:** Must have a SHGC of .35 or less,
Must have a rigid frame and be attached to the window perimeter.

EXCLUSIONS

- WINDOW FILM:** Windows must not be shaded by existing awnings, exterior curtains or blinds or any other shading device.
- SUN SCREENS:** Awnings and interior window treatments (curtains, blinds and shutters) are not eligible for Sun Screen rebate.

Modesto Irrigation District's MPower Home Rebate program offers residential customers incentives for the purchase and installation of qualifying energy efficient products installed in existing homes.

REBATE REMINDERS

1. Refer to the MPower Home Rebate Catalog for qualifying items and how to apply.
2. Read the Terms and Conditions for rebates below.
3. Submit complete rebate application package to:

MID Energy Services
PO Box 4060
Modesto, CA 95352

Terms and Conditions

Availability

- Rebate amount is based on the program offering and funding levels applicable on the date the application is received and is offered on a first come - first served basis, subject to availability of funds. MID rebate funding is not guaranteed until the application has been approved.
- Rebates are available only for products that are not required by or are in excess of CA Title 24 requirements, when applicable. MID may request Title 24 compliance documentation before approving any rebate.
- Products can only receive one rebate from MID during its useful life period. Reapplication for rebate will not be accepted during this period.

Eligibility

- Rebates are provided for qualifying product(s) installed in a residential dwelling receiving electricity from MID to customers in good financial standing with MID (subject to MID approval).
- Qualifying products must be installed before submitting your application. It is the responsibility of the contractor and customer to ensure installation is done in accordance with all applicable city, state and national standards, codes and ordinances as enforced by the local compliance authority.
- The application and supporting materials should be legible, submitted to MID within 90 days of purchase date.
- Owners of rental units should submit a separate rebate application for each service address.

- For newly constructed homes, qualifying measures or products purchased and installed after the certificate of occupancy has been issued by the city or county are eligible for rebate under this program. For addition to existing homes, qualifying measures or products installed in the addition are eligible for rebate under this program provided the addition does not exceed 20% of the pre-existing floor area.

Processing

- Only complete applications will be processed for rebates. **Complete applications include signature, proof(s) of purchase and required documentation for all products referenced in the application.**
- For incomplete applications, MID will notify customer of missing documentation. If the required documentation is not received by MID within 30 days, the application will be voided.
- Rebates take six to eight weeks to process.

Purchase

- Purchase and install qualifying product(s) new at retail price. See catalog for item details.
- For all qualifying measures, the product purchase date is determined by proof of purchase documents, such as the customer acceptance date of a contract for services, a detailed itemized and dated paid invoice, contract or the printed date on a store cash register receipt. Proof of purchase document(s) must include price per product and detailed payment terms or "type of transaction" (i.e., cash, credit, etc.).
- Leases and/or performance based projects and previously owned equipment do not qualify for MID rebates.

Inspection

- All product installations that receive a rebate are subject to MID inspection.
- MID reserves the right to request specific manufacturer specifications and/or data for any product.

Payment

- To Customers/Tenant - Rebates will be issued as a line item credit on customer's bill. Landlords that submit for rebates on their property will receive a check. (See required W-9 information below).
- IRS W-9 form is required for rebates issued by check. IRS W-9 form must be current version. In requesting a W-9 MID makes no inference rebate is or is not subject to Federal and/or State income tax reporting. Applicant is responsible for contacting a qualified tax advisor to determine tax liability. MID is not responsible for any taxes that may be imposed as a result of these rebates.
- In no case will MID pay more than 100% of the eligible costs of the qualifying product(s) (excludes taxes, shipping and handling).
- Funds received from other sources may reduce the rebate amount from MID. Applicants are required to inform MID of any other incentives for which they have applied and/or may receive. These sources include all third-party energy efficiency programs offering direct funding, financing or rebates (other than tax credits). The funded amount(s) will be deducted from the actual and documented Project Cost and the maximum accrued rebate will not exceed net Project Costs.

General

- MID reserves the right, without prior notice, to periodically review and make changes to rebate program terms and conditions and to determine final program eligibility.
- MID makes no representation or warranty and assumes no liability with respect to quality, safety, performance or other aspect of design, system or appliance installed pursuant to this agreement and expressly disclaims any such representation, warranty or liability.
