Benefits are restricted to Covered Health Services provided by Network providers for the following: acupuncture services; infertility services; obesity surgery; preventive care services; transplantation services; vision examinations and wigs.

Enrolled Dependents who do not reside with the Subscriber and live outside the Service Area must see a Network provider in order to obtain Benefits for the Covered Health Services listed above.

DIRECTORY OF NETWORK PROVIDERS

The current directory of Network providers is available online at www.myuhc.com. You may obtain a paper copy of the network provider directory at no cost by contacting *Customer Care* at the telephone number shown on your ID card.

AVAILABILITY OF TELEPHONE TRIAGE OR SCREENING SERVICES

Triage or screening services are the assessment of a Covered Person's health concerns and symptoms through communication, with a Physician, registered nurse or other qualified health professional acting within his or her scope of practice who is trained to screen or Triage a Covered Person who may need care for the purpose of determining the urgency of the Covered Person's need for medical services. To access Triage or screening services you should contact *Customer Care* during normal business hours at the telephone number on your ID card.

In addition to accessing *Customer Care*, you are able to access a registered nurse at Optum's Nurseline, 24 hours per day, 7 days per week by contacting the myNurseline phone number on the back of your ID card or by visiting www.myuhc.com. Once logged into the www.myuhc.com portal, the *Ask a Nurse* option will be available, and you may chat online or use the phone number provided to you to speak to a nurse. - Ask medication questions.
- Choose appropriate medical care.
- Locate available local resources.

ACCESS TO A NETWORK PROVIDER:

If medically appropriate care from a qualified provider cannot be provided within the network, we will arrange for the required care with an available and accessible non-Network provider. You will only be responsible for paying the cost sharing in an amount equal to the cost sharing you would have otherwise paid for that service or a similar service if you had received the Covered Health Service from a Network provider.

Timely Access To Care

The purpose of the timely access law is to make sure you get the care you need. Sometimes you need appointments even sooner than the law requires. In this case, your Physician can request that the appointment be sooner.

Sometimes waiting longer for care is not a problem. Your provider may give you a longer wait time if it would not be harmful to your health. It must be noted in your record that a longer wait time will not be harmful to your health.

In-person appointment wait times:

Urgent Appointments	Wait time
For services that don't need prior authorization	48 hours
For services that do need prior authorization	96 hours
Non-Urgent Appointments	Wait time
Primary care appointment	10 business days
Specialist appointment	15 business days
Appointment with a mental health care provider (who is not a physician)	10 business days
Appointment for other services to diagnose or treat an injury, illness or other health condition	15 business days

Telephone wait times:

You can call 24-hours-a-day, 7 days a week to talk to a qualified health professional to decide if your health problem is urgent. If someone needs to call you back, they must call you within 30 minutes. Look for the phone number on your ID card.

If you call the number at the back of your ID card, someone should answer the phone within 10 minutes during normal business hours.

Important Language Information:

You may be entitled to the right and services below. These rights apply only under California law. These rights do not apply to all languages.

You can get an interpreter to help you talk with your Physician or to us. To get help in your language, please call us at:

ANNUAL DEDUCTIBLE AND OUT-OF-POCKET MAXIMUM

Covered Persons will have to meet a higher Annual Deductible and Out-of-Pocket Maximum when a non-Network provider is chosen to provide Covered Health Services.

Accessing Benefits

You can choose to receive Network Benefits or Non-Network Benefits.

Selecting a Network Primary Physician

You may select a Network Primary Physician, who is located in the geographic area of the permanent residence of the Subscriber, in order to obtain Network Benefits. A Network Primary Physician will be able to coordinate all Covered Health Services and promote continuity of care. If you are the custodial parent of an Enrolled Dependent child, you may select a Network Primary Physician, who is located in the geographic area of the permanent residence of the Subscriber, for that child.

You may designate a Network Physician who specializes in pediatrics (including pediatric subspecialties, based on the scope of that provider's license under applicable state law) as the Network Primary Physician for an Enrolled Dependent child. You do not need a referral from a Primary Physician and may seek care directly from a Specialist Physician, including a Physician who specializes in obstetrics or gynecology.

You may change your Network Primary Physician by contacting *Customer Care* at the telephone number shown on your ID card.

Network Benefits apply to Covered Health Services that are provided by a Network Physician or other Network provider.

For facility charges, these are Benefits for Covered Health Services that are billed by a Network facility and provided under the direction of either a Network or non-Network Physician or other provider. Benefits for non-Emergency Covered Health Services include Physician services provided in a Network facility by a Network or a non-Network Emergency room Physician, radiologist, anesthesiologist or pathologist.

Emergency Health Services are always paid as Network Benefits.

Non-Network Benefits apply to Covered Health Services that are provided by a non-Network Physician or other non-Network provider, or Covered Health Services that are provided at a non-Network facility. In general health care terminology, Non-Network Benefits may also be referred to as *Out-of-Network Benefits*.

- **Emergency Health Services Provided by a Non-Network Provider** - Emergency Health Services provided by a non-Network provider will be reimbursed as set forth under *Eligible Expenses* as described at the end of this *Schedule of Benefits*. **California Insurance Code §10112.27 requires a health insurer to cover Emergency Health Services in an emergency department of a Hospital without the need for prior authorization, regardless of whether the provider is a Network Provider under the plan, and subject to the same cost sharing required if the services were provided by Network Provider. You will not pay more than the Network cost sharing amount.**
- **Covered Health Services that are NOT Emergency Health Services Provided by a Non-Network Provider that is not chosen by you** - Covered Health Services that are provided at a

Network facility by a non-Network facility based Physician, or as a result of receiving services in a contracting facility, when not Emergency Health Services, will be reimbursed as set forth under *Eligible Expenses* as described at the end of this *Schedule of Benefits*. **You will not pay more than the Network cost sharing amount. The Network cost sharing amount means the same cost sharing that you would pay for the same Covered Health Services if they were received from a contracting individual health professional. Additionally the Network deductible and out-of-pocket maximum apply for Covered Health Services rendered by a non-Network provider in a Network contracting health facility, or as a result of receiving services in a contracting facility, including a hospital, ambulatory surgery or other outpatient setting, laboratory and radiology or imaging center. When you receive Covered Health Services from a Network facility and as a result of which, you receive additional Covered Health Services from a non-Network individual health professional, you will not pay more than the Network cost sharing amount.**

- **Covered Health Services Provided by a Non-Network Provider that are NOT Emergency Health Services from a non-Network facility based Physician that you have chosen** - Covered Health Services that are provided at a Network facility by a non-Network facility based Physician, when not Emergency Health Services, will be reimbursed as set forth under *Eligible Expenses* as described at the end of this *Schedule of Benefits*. **As a result, you may be responsible for the difference between the amount billed by the non-Network facility based Physician and the reimbursement amount that is an Eligible Expense. The payments you make to non-Network facility based Physicians for charges above the Eligible Expense do not apply towards any applicable Out-of-Pocket Maximum.**

A non-Network facility based Physician may bill or collect the out-of-network cost sharing from you, if applicable, only when you consent in writing and that written consent demonstrates satisfaction of all the following criteria:

- At least 24 hours in advance of care, you consent in writing to receive Covered Health Services from the identified non-Network facility based Physician.
- The consent must be obtained by the non-Network facility based Physician in a document that is separate from the document used to obtain the consent for any other part of the care or procedure. The consent cannot be obtained by the facility or any representative of the facility. The consent cannot be obtained at the time of admission or at any time when you are being prepared for surgery or any other procedure.
- At the time consent is provided, the non-Network facility based Physician must give you a written estimate of your total out-of-pocket cost of care. The written estimate must be based on the non-Network based Physician's billed charges for the Covered Health Service to be provided. The non-Network facility based Physician cannot attempt to collect more than the estimated amount without receiving separate written consent from you or your authorized representative, unless circumstances arise during delivery of services that were unforeseeable at the time the estimate was given that would require the non-Network facility based Physician to change the estimate.
- The consent must advise you that you may elect to seek care from a Network provider or may contact us in order to arrange to receive the Covered Health Service from a Network provider for lower out-of-pocket costs.
- The consent and estimate must be provided to you in the language spoken by you, if the language is a Medi-Cal threshold language, as defined in subdivision (d) of Section 128552 of the California Health and Safety Code.
- The consent must advise you that any costs incurred as a result of your use of the non-Network Benefit must be in addition to the Network cost-sharing amounts and may not count toward the annual Out-of-Pocket Maximum on Network Benefits or a deductible, if any, for Network benefits.

If you disagree with an Eligible Expenses determination, you can request an appeal. The complaint and appeals process is described under *Section 6: Questions, Complaints and Appeals* in the *Certificate of Coverage*. You may also call *Customer Care* at the telephone number on your ID card.

You must show your identification card (ID card) every time you request health care services from a Network provider. If you do not show your ID card, Network providers have no way of knowing that you are enrolled under a UnitedHealthcare Policy. As a result, they may bill you for the entire cost of the services you receive.

Additional information about the network of providers and how your Benefits may be affected appears at the end of this *Schedule of Benefits*.

If there is a conflict between this *Schedule of Benefits* and any summaries provided to you by the Enrolling Group, this *Schedule of Benefits* will control.

Prior Authorization

We require prior authorization for certain Covered Health Services. In general, Network providers are responsible for obtaining prior authorization before they provide these services to you. There are some Network Benefits, however, for which you are responsible for obtaining prior authorization. Services for which you are required to obtain prior authorization are identified below and in the *Schedule of Benefits* table within each Covered Health Service category.

You do not need a referral to obtain Covered Health Services for women's reproductive and sexual health care services. Reproductive and sexual healthcare services include the following:

- Prevention or treatment of pregnancy.
- Prevention, diagnosis and treatment of an infectious, communicable or sexually transmitted disease, including HIV.
- Abortion.
- Treatment of rape or sexual assault, including medical care related to the diagnosis or treatment of the conditions and collection of medical evidence.

We recommend that you confirm with us that all Covered Health Services listed below have been prior authorized as required. Before receiving these services from a Network provider, you may want to contact us to verify that the Hospital, Physician and other providers are Network providers and that they have obtained the required prior authorization. Network facilities and Network providers cannot bill you for services they fail to prior authorize as required. You can contact us by calling the telephone number for *Customer Care* on your ID card.

When you choose to receive certain Covered Health Services from non-Network providers, you are responsible for obtaining prior authorization before you receive these services. Note that your obligation to obtain prior authorization is also applicable when a non-Network provider intends to admit you to a Network facility or refers you to other Network providers. Once you have obtained the authorization, please review it carefully so that you understand what services have been authorized and what providers are authorized to deliver the services that are subject to the authorization.

To obtain prior authorization, call the telephone number for *Customer Care* on your ID card. This call starts the utilization review process.

The utilization review process is a set of formal techniques designed to monitor the use of, or evaluate the clinical necessity, appropriateness, efficacy, or efficiency of, health care services, procedures or settings. Such techniques may include ambulatory review, prospective review, second opinion, certification, concurrent review, case management, discharge planning, retrospective review or similar programs.

For all other services, when you choose to receive services from non-Network providers, we urge you to confirm with us that the services you plan to receive are Covered Health Services. That's because in some instances, certain procedures may not be Medically Necessary or may not otherwise meet the definition of a Covered Health Service, and therefore are excluded. In other instances, the same procedure may meet the definition of Covered Health Services. By calling before you receive treatment, you can check to see if the service is subject to limitations or exclusions.

If you request a coverage determination at the time prior authorization is provided, the determination will be made based on the services you report you will be receiving. If the reported services differ from those actually received, our final coverage determination will be modified to account for those differences, and we will only pay Benefits based on the services actually delivered to you.

If you choose to receive a service that is not a Medically Necessary Covered Health Service, you will be responsible for paying all charges and no Benefits will be paid. If you have a question regarding a determination of whether a service is Medically Necessary, call the telephone number for *Customer Care* on your ID card. If you disagree with a determination of whether a service is Medically Necessary, you can request an appeal. The complaint and appeals process is described under *Section 6: Questions, Complaints and Appeals* in the *Certificate of Coverage*. You may also call *Customer Care* at the telephone number on your ID card.

Care Management

When you seek prior authorization as required, we will work with you to implement the care management process and to provide you with information about additional services that are available to you, such as disease management programs, health education, and patient advocacy.

Special Note Regarding Medicare

If you are enrolled in Medicare on a primary basis (Medicare pays before we pay Benefits under the Policy), the prior authorization requirements do not apply to you. Since Medicare is the primary payer, we will pay as secondary payer as described in *Section 7: Coordination of Benefits*. You are not required to obtain authorization before receiving Covered Health Services.

Eligible Expenses

Benefits for Covered Health Services are based on Eligible Expenses. For Network Benefits, you are not responsible for any difference between Eligible Expenses and the amount the provider bills. For Covered Health Services provided by a Non-Network provider, you will be responsible to the non-Network provider for any amount billed that is greater than the amount that is an Eligible Expense as described below.

For Network Benefits, Eligible Expenses are based on the following:

- When Covered Health Services are received from a Network provider, Eligible Expenses are our contracted fee(s) with that provider.
- When Covered Health Services are received from a non-Network provider as a result of an Emergency or as arranged by us, Eligible Expenses are an amount negotiated by us or an amount permitted by law. Please contact us if you are billed for amounts in excess of your applicable Coinsurance, Copayment or any deductible. We will not pay excessive charges or amounts you are not legally obligated to pay.

For Non-Network Benefits, Eligible Expenses are based on either of the following:

- When Covered Health Services are received from a non-Network provider, Eligible Expenses are determined, based on:
 - Negotiated rates agreed to by the non-Network provider and either us or one of our vendors, affiliates or subcontractors.
 - If rates have not been negotiated, then one of the following amounts:

- ◆ Eligible Expenses are determined based on 110% of the published rates allowed by the *Centers for Medicare and Medicaid Services (CMS)* for Medicare for the same or similar service within the geographic market, with the exception of the following:
 - ▶ 50% of *CMS* for the same or similar laboratory service.
 - ▶ 45% of *CMS* for the same or similar durable medical equipment, or *CMS* competitive bid rates.
- ◆ When a rate is not published by *CMS* for the service, we use an available gap methodology to determine a rate for the service as follows:
 - ▶ For services other than Pharmaceutical Products, we use a gap methodology established by *OptumInsight* and/or a third party vendor that uses a relative value scale. The relative value scale is usually based on the difficulty, time, work, risk and resources of the service. If the relative value scale(s) currently in use become no longer available, we will use a comparable scale(s). We and *OptumInsight* are related companies through common ownership by *UnitedHealth Group*. Refer to our website at www.myuhc.com for information regarding the vendor that provides the applicable gap fill relative value scale information.
 - ▶ For Pharmaceutical Products, we use gap methodologies that are similar to the pricing methodology used by *CMS*, and produce fees based on published acquisition costs or average wholesale price for the pharmaceuticals. These methodologies are currently created by *RJ Health Systems*, *Thomson Reuters* (published in its *Red Book*), or *UnitedHealthcare* based on an internally developed pharmaceutical pricing resource.
 - ▶ When a rate is not published by *CMS* for the service and a gap methodology does not apply to the service, the Eligible Expense is based on 50% of the provider's billed charge.

We update the *CMS* published rate data on a regular basis when updated data from *CMS* becomes available. These updates are typically implemented within 30 to 90 days after *CMS* updates its data.

IMPORTANT NOTICE: Non-Network providers at a Network facility may not bill you for any difference between the provider's billed charges and the Eligible Expense described here.

- When Covered Health Services are received from a Network provider, Eligible Expenses are our contracted fee(s) with that provider.

Provider Network

We arrange for health care providers to participate in a Network. Network providers are independent practitioners. They are not our employees. It is your responsibility to select your provider.

Our credentialing process confirms public information about the providers' licenses and other credentials, but does not assure the quality of the services provided.

Before obtaining services you should always verify the Network status of a provider. A provider's status may change. You can verify the provider's status by calling *Customer Care*. A directory of providers is available online at www.myuhc.com or by calling *Customer Care* at the telephone number on your ID card to request a copy.

It is possible that you might not be able to obtain services from a particular Network provider. The network of providers is subject to change. Or you might find that a particular Network provider may not be

accepting new patients. If a provider leaves the Network or is otherwise not available to you, you must choose another Network provider to get Network Benefits.

If medically appropriate care from a qualified provider cannot be provided within the network, we will arrange for the required care with an available and accessible non-Network provider. You will only be responsible for paying the cost sharing in an amount equal to the cost sharing you would have otherwise paid for that service or a similar service if you had received the Covered Health Service from a Network provider.

If you are currently undergoing a course of treatment utilizing a non-Network Physician or health care facility, you may be eligible to receive transition of care Benefits. This transition period is available for specific medical services and for limited periods of time. If you have questions regarding this transition of care reimbursement policy or would like help determining whether you are eligible for transition of care Benefits, please contact *Customer Care* at the telephone number on your ID card.

Continuity of Care

If you are undergoing a course of treatment with a Network provider for one of the medical conditions below, and the Network provider caring for you is terminated from the Network by us, we can arrange, at your request and subject to the provider's agreement, for continuation of Covered Health Services rendered by the terminated provider for the time periods shown below. Copayments, deductibles or other cost sharing components will be the same as you would have paid for a provider currently contracting with us.

Medical conditions and time periods for which treatment by a terminated Network provider will be covered under the Policy are:

- **An acute condition.** An acute condition is a medical condition that involves a sudden onset of symptoms due to a health condition or other medical problem that requires prompt medical attention and that has a limited duration. Completion of Covered Health Services will be provided for the duration of the acute condition.
- **A serious chronic condition.** A serious chronic condition is a medical condition due to a disease, health condition, or other medical problem or medical disorder that is serious in nature and that persists without full cure or worsens over an extended period of time or requires ongoing treatment to maintain remission or prevent deterioration. Completion of Covered Health Services will be provided for a period of time necessary to complete a course of treatment and to arrange for a safe transfer to another Network provider, as determined by us in consultation with the Covered Person and the terminated Network provider and consistent with good professional practice. Completion of Covered Health Services under this provision will not exceed 12 months from termination date of the provider's agreement.
- **A pregnancy.** A pregnancy is the three trimesters of pregnancy and the immediate postpartum period. Completion of Covered Health Services will be provided for the duration of the pregnancy.
- **A terminal illness.** A terminal illness is an incurable or irreversible condition that has a high probability of causing death within one year or less. Completion of Covered Health Services will be provided for the duration of a terminal illness, which may exceed 12 months from the termination date of the provider's agreement.
- **The care of a newborn child between birth and age 36 months.** Completion of Covered Health Services will not exceed 12 months from the termination date of the provider's agreement.
- **Performance of a surgery or other procedure.** Performance of a surgery or other procedure that has been recommended and documented by the Network provider to occur within 180 days of the termination date of the provider's agreement.

This section does not apply to treatment by a provider or provider group whose contract with us has been terminated or not renewed for reasons relating to medical disciplinary cause or reason, fraud or other criminal activity.

Do not assume that a Network provider's agreement includes all Covered Health Services. Some Network providers contract with us to provide only certain Covered Health Services, but not all Covered Health Services. Some Network providers choose to be a Network provider for only some of our products. Refer to your provider directory or contact us for assistance.

Second Medical Opinion

A second medical opinion is a reevaluation of your condition or health care treatment by an appropriately qualified Physician or appropriately qualified health care professional. When a second opinion is requested by you or by a Network Physician or health professional that is treating you, we will authorize a second opinion by an appropriately qualified health care professional. The Physician or appropriately qualified health care professional acting within his or her scope of practice, must possess the clinical background necessary for examining the illness or condition associated with the request for a second medical opinion.

Second medical opinions will be provided or authorized in the following circumstances:

- When you question the reasonableness or necessity of recommended surgical procedures;
- When you question a diagnosis or treatment plan for a condition that threatens loss of life, loss of limb, loss of bodily function, or substantial impairment (including, but not limited to, a chronic condition);
- When the clinical indications are not clear, or are complex and confusing;
- When a diagnosis is in doubt due to conflicting test results;
- When the treating Physician is unable to diagnose the condition;
- When the treatment plan in progress is not improving your medical condition within an appropriate period of time given the diagnosis, and you request a second opinion regarding the diagnosis or continuance of the treatment;
- When you have attempted to follow the treatment plan or consulted with the initial treating Physician and still have serious concerns about the diagnosis or treatment.

In most cases, you or your treating Physician or health care professional will request a second medical opinion without consulting us. However, in the event that we approve a request by you for a second medical opinion, you shall be responsible only for the costs of applicable copayments that are required for similar referrals.

The second medical opinion will be documented in a consultation report, which will be made available to you and your treating Physician or health care professional. It will include any recommended procedures or tests that the Physician or health care professional giving the second opinion believes are appropriate.

Please Note: The fact that an appropriately qualified Physician or health care professional gives a second medical opinion and recommends a particular treatment, diagnostic test or service does not necessarily mean that the recommended action is medically necessary or a Covered Health Service. If the recommended action is not medically necessary or is not a Covered Health Service, you will also remain responsible for paying any appropriate fees to the Physician or health care professional that performs that recommended action.

Timely Access to Care

Appointment wait times are as follows:

- Emergency Health Services are available and accessible within the plan's service area 24 hours, 7 days a week. Ambulance services for the service area served by the plan to transport the Covered Person to the nearest 24-hour facility with Physician coverage.
- Urgent health care services that do not require prior authorization are offered within 48 hours of the request. Urgent health care services that require prior authorization are offered within 96 hours of the request.
- Non-urgent care primary care and non-urgent, non-Physician Mental Health Services are offered within 10 business days of the request.
- Non-urgent specialist care and ancillary services are offered within 15 business days of the request.

Interpreter services will be coordinated with scheduled appointments for Covered Health Services in a manner that ensures the provision of interpreter services at the time of the appointment.

Designated Facilities and Other Providers

If you have a medical condition that needs special services, we may direct you to a Designated Facility and/or a Designated Physician chosen by us. Medical conditions that may require special services include medical conditions that require transplantation services or obesity surgery. Case management would enable the member to be directed to the appropriate facility/physician to maximize care.

If you require certain complex Covered Health Services for which expertise is limited, we may direct you to a Network facility or provider that is outside your local geographic area. If you are required to travel to obtain such Covered Health Services from a Designated Facility or Designated Physician, we may reimburse certain travel expenses.

In both cases, Network Benefits will only be paid if your Covered Health Services for that condition are provided by or arranged by the Designated Facility, Designated Physician or other provider chosen by us.

You or your Network Physician must notify us of special service needs (such as transplants or cancer treatment) that might warrant referral to a Designated Facility or Designated Physician. If you do not notify us in advance, and if you receive services from a non-Network facility (regardless of whether it is a Designated Facility) or other non-Network provider, Network Benefits will not be paid. Non-Network Benefits may be available if the special needs services you receive are Covered Health Services for which Benefits are provided under the Policy.

Health Services from Non-Network Providers Paid as Network Benefits

If specific Covered Health Services are not available or accessible from a Network provider, you may be eligible for Network Benefits when Covered Health Services are received from non-Network providers. In this situation, your Network Physician will notify us and, if we confirm that care is not available or accessible from a Network provider, we will work with you and your Network Physician to coordinate care through a non-Network provider.

Limitations on Selection of Providers

If you are using health care services in a harmful or abusive manner, or with harmful frequency, your selection of Network providers may be limited. If this happens, we may require you to select a single Network Physician to provide and coordinate all future Covered Health Services.

If you don't make a selection within 31 days of the date we notify you, we will select a single Network Physician for you.

If you fail to use the selected Network Physician, Covered Health Services will be paid as Non-Network Benefits.

If you disagree with a Benefit determination, you can request an appeal. The complaint and appeals process is described under *Section 6: Questions, Complaints and Appeals* in the *Certificate of Coverage*. You may also call *Customer Care* at the telephone number on your ID card.

We have defined these words in *Section 9: Defined Terms*. You can refer to *Section 9: Defined Terms* as you read this document to have a clearer understanding of your *Certificate*.

When we use the words "we," "us," and "our" in this document, we are referring to UnitedHealthcare Insurance Company. When we use the words "you" and "your," we are referring to people who are Covered Persons, as that term is defined in *Section 9: Defined Terms*.

Your Responsibilities

Be Enrolled and Pay Required Contributions

Benefits are available to you only if you are enrolled for coverage under the Policy. Your enrollment options, and the corresponding dates that coverage begins, are listed in *Section 3: When Coverage Begins*. To be enrolled with us and receive Benefits, both of the following apply:

- Your enrollment must be in accordance with the Policy issued to your Enrolling Group, including the eligibility requirements.
- You must qualify as a Subscriber or his or her Dependent as those terms are defined in *Section 9: Defined Terms*.

Your Enrolling Group may require you to make certain payments to them, in order for you to remain enrolled under the Policy and receive Benefits. If you have questions about this, contact your Enrolling Group.

Be Aware this Benefit Plan Does Not Pay for All Health Services

Your right to Benefits is limited to Covered Health Services. The extent of this Benefit plan's payments for Covered Health Services and any obligation that you may have to pay for a portion of the cost of those Covered Health Services is set forth in the *Schedule of Benefits*.

Decide What Services You Should Receive

Care decisions are between you and your Physicians. We do not make decisions about the kind of care you should or should not receive.

Choose Your Physician

It is your responsibility to select the health care professionals who will deliver care to you. We arrange for Physicians and other health care professionals and facilities to participate in a Network. Our credentialing process confirms public information about the professionals' and facilities' licenses and other credentials, but does not assure the quality of their services. These professionals and facilities are independent practitioners and entities that are solely responsible for the care they deliver.

Obtain Prior Authorization

Some Covered Health Services require prior authorization. In general, Physicians and other health care professionals who participate in a Network are responsible for obtaining prior authorization. However, if you choose to receive Covered Health Services from a non-Network provider, you are responsible for obtaining prior authorization before you receive the services. For detailed information on the Covered Health Services that require prior authorization, please refer to the *Schedule of Benefits*.

Pay Your Share

You must meet any applicable deductible and pay a Copayment and/or Coinsurance for most Covered Health Services. These payments are due at the time of service or when billed by the Physician, provider or facility. Any applicable deductible, Copayment and Coinsurance amounts are listed in the *Schedule of Benefits*. You must also pay any amount that exceeds Eligible Expenses.

Pay the Cost of Excluded Services

You must pay the cost of all excluded services and items. Review *Section 2: Exclusions and Limitations* to become familiar with this Benefit plan's exclusions.

Show Your ID Card

You should show your identification (ID) card every time you request health services. If you do not show your ID card, the provider may fail to bill the correct entity for the services delivered, and any resulting delay may mean that you will be unable to collect any Benefits otherwise owed to you.

File Claims with Complete and Accurate Information

When you receive Covered Health Services from a non-Network provider, you are responsible for requesting payment from us. Please review *Section 5: How to File a Claim* to become familiar with how to request payment from us for Covered Health Services you receive from a non-Network provider.

Use Your Prior Health Care Coverage

If you have prior coverage that, as required by state law, extends benefits for a particular condition or a disability, we will not pay Benefits for health services for that condition or disability until the prior coverage ends. We will pay Benefits as of the day your coverage begins under this Benefit plan for all other Covered Health Services that are not related to the condition or disability for which you have other coverage.

Our Responsibilities

Determine Benefits

Our administrative function regarding whether this Benefit plan will pay for any portion of the cost of a health care service you intend to receive or have received is based on this contract and is subject to the other terms, limitations and exclusions set out in this *Certificate* and *Schedule of Benefits*. Our decisions are for payment purposes only. We do not make decisions about the kind of care you should or should not receive. You and your providers must make those treatment decisions.

We will do the following:

- Pay Benefits according to this Policy and subject to the other terms, limitations and exclusions set out in this *Certificate*, the *Schedule of Benefits* and any Riders and/or Amendments.
- Make factual determinations relating to Benefits.

Other persons or entities may provide administrative services for this Benefit plan, such as claims processing. The identity of the service providers and the nature of their services may be changed from time to time. In order to receive Benefits, you must cooperate with those service providers.

If you disagree with a determination, you can request an appeal. The complaint and appeals process, including independent medical review, is described under *Section 6: Questions, Complaints and Appeals*. You may also call *Customer Care* at the telephone number on your ID card.

Pay for Our Portion of the Cost of Covered Health Services

We pay Benefits for Covered Health Services as described in *Section 1: Covered Health Services* and in the *Schedule of Benefits*, unless the service is excluded in *Section 2: Exclusions and Limitations*. This means we only pay our portion of the cost of Covered Health Services. It also means that not all of the health care services you receive may be paid for (in full or in part) by this Benefit plan.

Pay Network Providers

It is the responsibility of Network Physicians and facilities to file for payment from us. When you receive Covered Health Services from Network providers, you do not have to submit a claim to us.

Pay for Covered Health Services Provided by Non-Network Providers

In accordance with any state prompt pay requirements, we will pay Benefits after we receive your request for payment that includes all required information. See *Section 5: How to File a Claim*.

Review and Determine Benefits in Accordance with our Reimbursement Policies

We develop our reimbursement policy guidelines in accordance with one or more of the following methodologies:

- As indicated in the most recent edition of the *Current Procedural Terminology (CPT)*, a publication of the *American Medical Association*, and/or the *Centers for Medicare and Medicaid Services (CMS)*.
- As reported by generally recognized professionals or publications.

- As used for Medicare.
- As determined by medical staff and outside medical consultants pursuant to other appropriate sources or determinations that we accept.

Following evaluation and validation of certain provider billings (e.g., error, abuse and fraud reviews), our reimbursement policies are applied to provider billings. We share our reimbursement policies with Physicians and other providers in our Network through our provider website. Network Physicians and providers may not bill you for the difference between their contract rate (as may be modified by our reimbursement policies) and the billed charge. However, non-Network providers are not subject to this prohibition, and may bill you for any amounts we do not pay, including amounts that are denied because one of our reimbursement policies does not reimburse (in whole or in part) for the service billed. You may obtain copies of our reimbursement policies for yourself or to share with your non-Network Physician or provider by going to www.myuhc.com or by calling *Customer Care* at the telephone number on your ID card.

Offer Health Education Services to You

We may provide you with access to information about additional services that are available to you, such as disease management programs, health education and patient advocacy. It is solely your decision whether to participate in the programs, but we recommend that you discuss them with your Physician.

Section 1: Covered Health Services

Benefits for Covered Health Services

Benefits are available only if all of the following are true:

- The health care service, supply or Pharmaceutical Product is only a Covered Health Service if it is Medically Necessary. (See definitions of Medically Necessary and Covered Health Service in *Section 9: Defined Terms*.) The fact that a Physician or other provider has performed or prescribed a procedure or treatment, or the fact that it may be the only available treatment for a health condition, Injury, Mental Illness, substance-related and addictive disorders, disease or its symptoms does not mean that the procedure or treatment is a Covered Health Service under the Policy.
- Covered Health Services are received while the Policy is in effect.
- Covered Health Services are received prior to the date that any of the individual termination conditions listed in *Section 4: When Coverage Ends* occurs.
- The person who receives Covered Health Services is a Covered Person and meets all eligibility requirements specified in the Policy.

This section describes Covered Health Services for which Benefits are available. Please refer to the attached *Schedule of Benefits* for details about:

- The amount you must pay for these Covered Health Services (including any Annual Deductible, Copayment and/or Coinsurance).
- Any limit that applies to these Covered Health Services (including visit, day and dollar limits on services).
- Any limit that applies to the amount of Eligible Expenses you are required to pay in a year (Out-of-Pocket Maximum).
- Any responsibility you have for obtaining prior authorization or notifying us.

Please note that in listing services or examples, when we say "this includes," it is not our intent to limit the description to that specific list. When we do intend to limit a list of services or examples, we state specifically that the list "is limited to."

1. Ambulance Services

Emergency:

Emergency ambulance transportation by a licensed ambulance service (either ground or air ambulance) to the nearest Hospital where Emergency Health Services can be performed. Benefits for emergency ambulance transportation are available and do not require prior authorization in the following situations:

- A reasonable person would have believed that the medical condition was an emergency medical condition which required ambulance services.
- The treating Physician determines that the Covered Person must be transported to another facility because the Emergency medical condition is not stabilized and the care the Covered Person requires is not available at the treating facility.
- For purposes of this Benefit, "Emergency medical condition" means a medical condition manifesting itself by acute symptoms of sufficient severity (including severe pain) such that the

absence of immediate medical attention could reasonably be expected by the Covered Person to result in any of the following:

- placing the Covered Person's health in serious jeopardy;
- serious impairment to bodily functions;
- serious dysfunction of any bodily organ or part;
- active labor, meaning labor at a time that either of the following would occur:
 - there is inadequate time to effect safe transfer to another Hospital prior to delivery, or
 - a transfer poses a threat to the health and safety of the Covered Person or unborn child.

An Emergency also includes a psychiatric emergency medical condition which is a mental disorder that manifests itself by acute symptoms of sufficient severity that it renders the Covered Person as being either of the following:

- An immediate danger to himself or herself or others; or
- Immediately unable to provide for, or utilize, food, shelter or clothing, due to the mental disorder.

Non-Emergency:

Non-Emergency ambulance transportation by a licensed ambulance service (either ground or air ambulance, as appropriate) and psychiatric transport van services when the vehicle transports the Covered Person to or from Covered Health Services and the use of other means of transportation may endanger the Covered Person's health.

2. Clinical Trials

Routine patient care costs incurred during participation in a qualifying clinical trial for the treatment of:

- Cancer or other Life-Threatening disease or condition.
- Cardiovascular disease (cardiac/stroke) which is not life threatening, for which a clinical trial meets the qualifying clinical trial criteria stated below.
- Surgical musculoskeletal disorders of the spine, hip and knees, which are not life threatening, for which a clinical trial meets the qualifying clinical trial criteria stated below.
- Other diseases or disorders which are not life threatening for which a clinical trial meets the qualifying clinical trial criteria stated below.

Benefits include the reasonable and necessary items and services used to prevent, diagnose and treat complications arising from participation in a qualifying clinical trial.

Benefits are available only when the Covered Person is:

- Eligible to participate in an approved clinical trial according to the trial protocol with respect to treatment of cancer or other Life-Threatening disease or condition, or
- Either:
 - the referring health care professional is a participating health care provider and has concluded that the Covered Person's participation in such trial would be appropriate based upon his/her meeting the conditions that are eligible for the clinical trial, or

- the Covered Person provides medical and scientific information establishing that his/her participation in such trial would be appropriate based upon the individual meeting the conditions that are eligible for the clinical trial.

Routine patient care costs for qualifying clinical trials include:

- With respect to a clinical trial for the treatment of cancer, the costs associated with the provision of health care services, including drugs, items, devices and services that would otherwise be Covered Health Services under the Policy if those drugs, items, devices and services were not provided in connection with an approved clinical trial program.
- Covered Health Services for which Benefits are typically provided absent a clinical trial.
- Covered Health Services required solely for the provision of the Experimental or Investigational Service(s), drug, item or device, the clinically appropriate monitoring of the effects of the Experimental or Investigational Service(s), drug, item or device or the prevention of complications arising from the provision of the Experimental or Investigational Service(s), drug, item or device.
- Covered Health Services needed for reasonable and necessary care arising from the provision of an Investigational, drug, item, device or service, including the diagnosis of treatment of the complications.

Routine costs for clinical trials do not include:

- The Experimental or Investigational Service(s) or item. The only exceptions to this are:
 - Certain *Category B* devices.
 - Certain promising interventions for patients with terminal illnesses.
 - Other items and services that meet specified criteria in accordance with our medical and drug policies.
- Items and services provided solely to satisfy data collection and analysis needs and that are not used in the direct clinical management of the patient.
- A service that is clearly inconsistent with widely accepted and established standards of care for a particular diagnosis.
- Items and services provided by the research sponsors free of charge for any person enrolled in the trial.

With respect to cancer or other Life-Threatening diseases or conditions, a qualifying clinical trial is a Phase I, Phase II, Phase III, or Phase IV clinical trial that is conducted in relation to the prevention, detection or treatment of cancer or other Life-Threatening disease or condition, including involving a drug that is exempt under federal regulations from a new drug application, and which meets any of the following criteria in the bulleted list below.

With respect to cardiovascular disease or musculoskeletal disorders of the spine, hip and knees and other diseases or disorders which are not Life-Threatening, a qualifying clinical trial is a Phase I, Phase II, or Phase III clinical trial that is conducted in relation to the detection or treatment of such non-Life-Threatening disease or disorder and which meets any of the following criteria in the bulleted list below.

- Federally funded trials. The study or investigation is approved or funded (which may include funding through in-kind contributions) by one or more of the following:
 - *National Institutes of Health (NIH)*. (Includes *National Cancer Institute (NCI)*.)
 - *Centers for Disease Control and Prevention (CDC)*.
 - *Agency for Healthcare Research and Quality (AHRQ)*.

- *Centers for Medicare and Medicaid Services (CMS).*
- A cooperative group or center of any of the entities described above or the *Department of Defense (DOD)* or the *Veterans Administration (VA)*.
- A qualified non-governmental research entity identified in the guidelines issued by the *National Institutes of Health* for center support grants.
- The *Department of Veterans Affairs*, the *Department of Defense* or the *Department of Energy* as long as the study or investigation has been reviewed and approved through a system of peer review that is determined by the *Secretary of Health and Human Services* to meet both of the following criteria:

- It requires clinical training in order to be delivered safely and effectively.

Benefits will be available after our review of both the skilled nature of the service and the need for Physician-directed medical management. A service will not be "skilled" simply because there is not an available caregiver.

Virtual visits is distinct from Telehealth services since there no restrictions on where virtual visit services can originate. Virtual visits covers audio visual visits with a Physician from a designated network and accessible from any location not limited to home or office or CMS originating site. Unlike Telehealth Services, it requires audio visual medium to facilitate face-to-face interaction for an appropriate evaluation and diagnosis.

Virtual visits for Covered Health Services that include the diagnosis and treatment of low acuity medical conditions for Covered Persons through the use of interactive audio and video telecommunication and transmissions, and audio-visual communication technology. Virtual visits provide communication of medical information in real-time between the patient and a distant Physician or health specialist, through use of interactive audio and video communications equipment outside of a medical facility (for example, from home or from work).

Network Benefits are available only when services are delivered through a Designated Virtual Network Provider. You can find a Designated Virtual Network Provider by going to www.myuhc.com or by calling *Customer Care* at the telephone number on your ID card.

Please Note: Not all medical conditions can be appropriately treated through virtual visits. The Designated Virtual Network Provider will identify any condition for which treatment by in-person Physician contact is necessary.

The Policy covers prosthetic devices and reconstructive surgery to restore and achieve symmetry for the patient, subject to the Policy's deductible and copayment requirements.

39. Off-Label Drug Use and Experimental or Investigational Services

Off-label drug use means that a Physician or provider has prescribed a drug approved by the *Food and Drug Administration (FDA)* for a use that is different than for which the *FDA* approved the drug. If a drug is

prescribed for off-label drug use, the drug and administration will be a Covered Health Service only if it satisfies the following criteria:

However, there is no coverage for any drug that the *FDA* or a major peer reviewed medical journal has determined to be contraindicated for the specific treatment for which the drug has been prescribed.

Benefits for Experimental or Investigational Services are limited to the following:

- Clinical trials for which Benefits are available as described under *Clinical Trials* above.
- If you are not a participant in a qualifying clinical trial, as described under *Clinical Trials* above, and have a health condition that is likely to cause death within one year of the request for treatment, we may consider an otherwise Experimental or Investigational Service to be a Covered Health Service for that health condition. Prior to such a consideration, we must first establish that there is sufficient evidence to conclude that, albeit unproven, the service has significant potential as an effective treatment for that health condition.

Nothing in this section shall prohibit us from use of a formulary, Copayments or Coinsurance, and or the use of a technology assessment panel or similar mechanism as a means for appropriately controlling the utilization of a drug that is prescribed for a use that is different than the use for which the drug has been approved for marketing by the *FDA*. Benefits will also include Medically Necessary Covered Health Services associated with the administration of a drug subject to the conditions of this Policy.

If Benefits are denied as an Experimental, Investigational or Unproven Service, the Covered Person may appeal the decision through independent external medical review as described under *Denial of Experimental, Investigational or Unproven Services* in *Section 6: Questions, Complaints and Appeals*. You may also call *Customer Care* at the telephone number on your ID card.

Section 2: Exclusions and Limitations

How We Use Headings in this Section

To help you find specific exclusions more easily, we use headings (for example *A. Alternative Treatments* below). The headings group services, treatments, items, or supplies that fall into a similar category. Actual exclusions appear underneath headings. A heading does not create, define, modify, limit or expand an exclusion. All exclusions in this section apply to you.

We do not Pay Benefits for Exclusions

We will not pay Benefits for any of the services, treatments, items or supplies described in this section, even if either of the following is true:

- It is recommended or prescribed by a Physician.
- It is the only available treatment for your condition.

The services, treatments, items or supplies listed in this section are not Covered Health Services, except as may be specifically provided for in *Section 1: Covered Health Services* or through a Rider to the Policy.

Benefits will not be excluded, limited or reduced solely due to conditions attributable to or exposure to diethylstilbestrol.

Benefit Limitations

Limits may also apply to some Covered Health Services that fall under more than one Covered Health Service category. When this occurs, those limits are also stated in the *Schedule of Benefits* under the heading *Benefit Limits*. Please review all limits carefully, as we will not pay Benefits for any of the services, treatments, items or supplies that exceed these Benefit limits.

Please note that in listing services or examples, when we say "this includes," it is not our intent to limit the description to that specific list. When we do intend to limit a list of services or examples, we state specifically that the list "is limited to."

T. All Other Exclusions

1. Health services and supplies that do not meet the definition of a Covered Health Service - see the definition in *Section 9: Defined Terms*. Covered Health Services are those health services, including services, supplies, or Pharmaceutical Products, which are all of the following:
 - Medically Necessary.
 - Not otherwise excluded in this *Certificate* under *Section 2: Exclusions and Limitations*.
2. Physical, psychiatric or psychological exams, testing, all forms of vaccinations and immunizations or treatments that are otherwise covered under the Policy when:
 - Required solely for purposes of school, sports or camp, travel, career or employment, insurance, marriage or adoption.

3. Health services received as a result of war or any act of war, whether declared or undeclared or caused during service in the armed forces of any country. This exclusion does not apply to Covered Persons who are civilians injured or otherwise affected by war, any act of war, or terrorism in the United States or non-war zones outside the United States.

6. 8. Long term (more than 30 days) storage of body fluids, body tissues or body parts. Examples include cryopreservation of tissue, blood and blood products.

This exclusion does not apply to services we would otherwise determine to be Covered Health Services if they are to treat complications that arise from the non-Covered Health Service.

For the purpose of this exclusion, a "complication" is an unexpected or unanticipated condition that is superimposed on an existing disease and that affects or modifies the prognosis of the original disease or condition. Examples of a "complication" are bleeding or infections, following a Cosmetic Procedure, that require hospitalization.

Section 3: When Coverage Begins

How to Enroll

Eligible Persons must complete an enrollment form. The Enrolling Group will give the necessary forms to you. The Enrolling Group will then submit the completed forms to us, along with any required Premium. We will not provide Benefits for health services that you receive before your effective date of coverage.

If You Are Hospitalized When Your Coverage Begins

If you are an inpatient in a Hospital, Skilled Nursing Facility or Inpatient Rehabilitation Facility on the day your coverage begins, we will pay Benefits for Covered Health Services that you receive on or after your first day of coverage related to that Inpatient Stay as long as you receive Covered Health Services in accordance with the terms of the Policy. These Benefits are subject to any prior carrier's obligations under state law or contract.

You should notify us of your hospitalization within 48 hours of the day your coverage begins, or as soon as is reasonably possible. For Benefit plans that have a Network Benefit level, Network Benefits are available only if you receive Covered Health Services from Network providers.

If You Are Eligible for Medicare

Your Benefits under the Policy may be reduced if you are eligible for Medicare but do not enroll in and maintain coverage under both Medicare Part A and Part B.

Your Benefits under the Policy may also be reduced if you are enrolled in a *Medicare Advantage* (Medicare Part C) plan but fail to follow the rules of that plan. Please see *Medicare Eligibility* in *Section 8: General Legal Provisions* for more information about how Medicare may affect your Benefits.

Who is Eligible for Coverage

The Enrolling Group determines who is eligible to enroll under the Policy and who qualifies as a Dependent.

Eligible Person

Eligible Person usually refers to an employee or member of the Enrolling Group who meets the eligibility rules. When an Eligible Person actually enrolls, we refer to that person as a Subscriber. For a complete definition of Eligible Person, Enrolling Group and Subscriber, see *Section 9: Defined Terms*.

Eligible Persons must reside within the United States.

Dependent

Dependent generally refers to the Subscriber's Spouse and children. All references to the Spouse of a Subscriber shall include a Domestic Partner. When a Dependent actually enrolls, we refer to that person as an Enrolled Dependent. For a complete definition of Dependent and Enrolled Dependent, see *Section 9: Defined Terms*.

Dependents of an Eligible Person may not enroll unless the Eligible Person is also covered under the Policy.

When to Enroll and When Coverage Begins

Except as described below, Eligible Persons may not enroll themselves or their Dependents.

Initial Enrollment Period

When the Enrolling Group purchases coverage under the Policy from us, the Initial Enrollment Period is the first period of time when Eligible Persons can enroll themselves and their Dependents.

Coverage begins on the date identified in the Policy if we receive the completed enrollment form and any required Premium within 31 days of the date the Eligible Person becomes eligible to enroll.

Open Enrollment Period

The Enrolling Group determines the Open Enrollment Period. During the Open Enrollment Period, Eligible Persons can enroll themselves and their Dependents.

Coverage begins on the date identified by the Enrolling Group if we receive the completed enrollment form and any required Premium within 31 days of the date the Eligible Person becomes eligible to enroll.

New Eligible Persons

Coverage for a new Eligible Person and his or her Dependents begins on the date agreed to by the Enrolling Group if we receive the completed enrollment form and any required Premium within 31 days of the date the new Eligible Person first becomes eligible.

Adding New Dependents

Subscribers may enroll Dependents who join their family because of any of the following events:

- Birth.
- Legal adoption.
- Placement for adoption.
- Marriage.
- Legal guardianship.
- Court or administrative order.
- Registering a Domestic Partner.

All newborn Dependent children of the Subscriber are covered from the moment of birth. All newly adopted Dependent children of the Subscriber are covered from and after the moment the child is placed in the physical custody of the Subscriber for adoption. However, the Subscriber must complete an enrollment form for all newborn and all newly adopted Dependent children within 31 days of the event.

Coverage for other Dependents listed above begins on the date of the event if we receive the completed enrollment form and any required Premium within 31 days of the event that makes the other new Dependent eligible.

Special Enrollment Period

An Eligible Person and/or Dependent may also be able to enroll during a special enrollment period. A special enrollment period is not available to an Eligible Person and his or her Dependents if coverage

under the prior plan was terminated due to situations allowing for a rescission (fraud or intentional misrepresentation of a material fact), or because premiums were not paid on a timely basis.

An Eligible Person and/or Dependent does not need to elect COBRA continuation coverage to preserve special enrollment rights. Special enrollment is available to an Eligible Person and/or Dependent even if COBRA is not elected.

A special enrollment period applies to an Eligible Person and any Dependents when one of the following events occurs:

- Birth.
- Legal adoption.
- Placement for adoption.
- Marriage.
- Registering a Domestic Partner.

A special enrollment period also applies for an Eligible Person and/or Dependent who did not enroll during the Initial Enrollment Period or Open Enrollment Period if the following are true:

- The Eligible Person previously declined coverage under the Policy, but the Eligible Person and/or Dependent becomes eligible for a premium assistance subsidy under *Medicaid* or *Children's Health Insurance Program* (the Healthy Families Program, the Access for Infants and Mothers (AIM) Program, or the Medi-Cal program in California). Coverage will begin only if we receive the completed enrollment form and any required Premium within 60 days of the date of determination of subsidy eligibility.
- The Eligible Person and/or Dependent had existing health coverage under another plan, including the Healthy Families Program, the Access for Infants and Mothers (AIM) Program, or the Medi-Cal program, at the time they had an opportunity to enroll during the Initial Enrollment Period or Open Enrollment Period or the Eligible Person or Dependent is employed by an employer that offers multiple health benefit plans and the person elected a different plan during Open Enrollment; and
- Coverage under the prior plan ended because of any of the following:
 - Loss of eligibility (including termination of employment, reduction in the number of hours of employment, legal separation, divorce or death).
 - The employer stopped paying the contributions. This is true even if the Eligible Person and/or Dependent continues to receive coverage under the prior plan and to pay the amounts previously paid by the employer.
 - In the case of COBRA continuation coverage, the coverage ended.
 - The Eligible Person and/or Dependent no longer lives or works in an HMO service area if no other benefit option is available.
 - The plan no longer offers benefits to a class of individuals that include the Eligible Person and/or Dependent.
 - An Eligible Person and/or Dependent incurs a claim that would exceed a lifetime limit on all benefits that do not constitute essential health benefits. Lifetime limits are prohibited on the dollar value of essential health benefits under a plan.
 - The Eligible Person and/or Dependent loses eligibility under *Medicaid* or *Children's Health Insurance Program* (the Healthy Families Program, the Access for Infants and Mothers (AIM) Program, or the Medi-Cal program in California). Coverage will begin only if we receive the

completed enrollment form and any required Premium within 60 days of the date coverage ended.

- Loss of minimum essential coverage, including, but not limited to, loss of eligibility for coverage as a result of the following: legal separation, divorce, cessation of dependent status (such as attaining the maximum age to be eligible as a dependent child under the plan), death of an employee, termination of employment, reduction in the number of hours of employment, termination of employer contributions, and exhaustion of COBRA continuation coverage; loss of coverage because the covered employee becomes eligible for Medicare; and bankruptcy of the employer from whose employment the covered employee retired; loss of coverage due to an act or practice that constituted fraud, or an intentional misrepresentation of a material fact.
- Gaining or becoming a dependent (due to marriage, domestic partnership, birth, adoption, placement for adoption, or assumption of a parent-child relationship).
- State or Federal Court mandate to be covered as a Dependent.
- Release from incarceration.
- Health coverage issuer substantially violated a material provision of the health coverage contract.
- Gaining access to new health benefit plans as a result of a permanent move.
- Receiving services from a contracting provider under another health insurance plan for (a) an acute condition (a medical condition that involves a sudden onset of symptoms due to an illness, health condition, or other medical problem that requires prompt medical attention and that has a limited duration), (b) a serious chronic condition (a medical condition due to a disease, illness, or other medical problem or medical disorder that is serious in nature and that persists without full cure or worsens over an extended period of time or requires ongoing treatment to maintain remission or prevent deterioration), (c) a pregnancy, (d) a terminal illness (an incurable or irreversible condition that has a high probability of causing death within one year or less), (e) care of a newborn child between birth and age 36 months, or (f) performance of a surgery or other procedure that has been recommended and documented by the provider to occur within 180 days of the contract's termination date or within 180 days of the effective date of coverage for a newly covered insured, and that provider is no longer participating in the health benefit plan.
- Being misinformed that one had minimum essential coverage.
- Returning from active duty of the reserve forces of the United States military or the California National Guard.

When an event takes place (for example, a birth, marriage or determination of eligibility for state subsidy), coverage begins on the date of the event if we receive the completed enrollment form and any required Premium within 60 days of the event unless otherwise noted above.

For an Eligible Person and/or Dependent who did not enroll during the Initial Enrollment Period or Open Enrollment Period because they had existing health coverage under another plan, coverage begins on the day immediately following the day coverage under the prior plan ends. Coverage will begin only if we receive the completed enrollment form and any required Premium within 60 days of the date coverage under the prior plan ended.

Section 4: When Coverage Ends

General Information about When Coverage Ends

We may discontinue this Benefit plan and/or all similar benefit plans at any time for the reasons explained in the Policy, as permitted by law.

Your entitlement to Benefits automatically ends on the date that coverage ends, even if you are hospitalized or are otherwise receiving medical treatment on that date. Please note that this does not affect coverage that is extended under *Extended Coverage for Total Disability* below.

When your coverage ends, we will still pay claims for Covered Health Services that you received before the date on which your coverage ended. However, once your coverage ends, we will not pay claims for any health services received after that date (even if the medical condition that is being treated occurred before the date your coverage ended). Please note that this does not affect coverage that is extended under *Extended Coverage for Total Disability* below.

Unless otherwise stated, an Enrolled Dependent's coverage ends on the date the Subscriber's coverage ends.

Please note that for Covered Persons who are subject to the *Extended Coverage for Total Disability* provision later in this section, entitlement to Benefits ends as described in that section.

Events Ending Your Coverage

Coverage ends on the earliest of the dates specified below:

- **The Entire Policy Ends**

Your coverage ends on the date the Policy ends. In the event the entire Policy ends, the Enrolling Group is responsible for notifying you that your coverage has ended.

- **You Are No Longer Eligible**

Your coverage ends on the last day of the calendar month in which you are no longer eligible to be a Subscriber or Enrolled Dependent. Please refer to *Section 9: Defined Terms* for complete definitions of the terms "Eligible Person," "Subscriber," "Dependent" and "Enrolled Dependent."

- **We Receive Notice to End Coverage**

Your coverage ends on the last day of the calendar month in which we receive written notice from the Enrolling Group instructing us to end your coverage, or the date requested in the notice, if later. The Enrolling Group is responsible for providing written notice to us to end your coverage.

- **Subscriber Retires or Is Pensioned**

Your coverage ends the last day of the calendar month in which the Subscriber is retired or receiving benefits under the Enrolling Group's pension or retirement plan. The Enrolling Group is responsible for providing written notice to us to end your coverage.

This provision applies unless a specific coverage classification is designated for retired or pensioned persons in the Enrolling Group's application, and only if the Subscriber continues to meet any applicable eligibility requirements. The Enrolling Group can provide you with specific information about what coverage is available for retirees.

Other Events Ending Your Coverage

When the following happens, we will provide advance written notice to the Subscriber that coverage will end on the date we identify in the notice:

- **Fraud or Intentional Misrepresentation of a Material Fact**

If UnitedHealthcare Insurance Company can demonstrate you committed an act or practice that constituted fraud, or an intentional misrepresentation of a material fact, UnitedHealthcare Insurance Company may rescind your coverage, with written notice of your right to appeal. No Policy will be rescinded after 24 months following the issuance of the Policy. If we rescind your coverage, we will send the Employer Group and the Subscriber a written notice via certified mail at least 30 days prior to the effective date of rescission explaining the reasons for the intended rescission and information on how to file an appeal of the decision with the California Department of Insurance. In addition, in the event it is found you committed an act or practice that constituted fraud, or an intentional misrepresentation of a material fact, UnitedHealthcare Insurance Company may cancel your coverage, as permitted by law. Should your coverage be rescinded due to fraud, or an intentional misrepresentation of a material fact, we may take any and all actions allowed by law, which may include demanding that you pay back all Benefits we paid to you, or paid in your name, during the time you were incorrectly covered under the Policy.

Review by the California Department of Insurance for Improper Cancellation, Rescission or Non-Renewal of Coverage

You may request a review by the California Insurance Commissioner if you believe your Policy or coverage has been or will be wrongly canceled, rescinded or not renewed. Contact the California Insurance Commissioner's Consumer Communications Bureau at **1-800-927-HELP (4357)** or **TDD 1-800-482-4833** to receive assistance with this process, or submit an inquiry in writing to:

**California Department of Insurance
Consumer Communications Bureau
300 S. Spring Street, South Tower
Los Angeles, CA 90013**

Or through the website <http://www.insurance.ca.gov>.

Coverage for a Disabled Dependent Child

Initial Enrollment of a Disabled Dependent Child

Coverage for an Enrolled Dependent child who is disabled will not end just because the child has reached 26 years old. We will extend the coverage for that child beyond the limiting age if both of the following are true regarding the Enrolled Dependent child:

- Is not able to be self-supporting because of a physically or mentally disabling illness or health condition.
- Depends chiefly on the Subscriber for support.

We will notify the Subscriber that the Enrolled Dependent child's coverage will end upon attainment of the limiting age unless the Subscriber submits proof of the criteria described above to us within 60 days of the date of receipt of our notification. We will send this notification to the Subscriber at least 90 days prior to the date the Enrolled Dependent child attains the limiting age. Upon receipt of the request of the Subscriber for continued coverage of the child and proof of the criteria described above, we will determine whether the Enrolled Dependent child meets the criteria before the child attains the limiting age. If we fail

to make the determination by that date, coverage of the Enrolled Dependent child will continue pending our determination.

We may continue to ask you for proof that the child continues to be disabled and dependent. However, we will not ask for this information more than once a year after a two-year period following the child's attainment of the limiting age.

If the Subscriber or Covered Person changes carriers to another insurer or to a health care service plan ("plan"), the new insurer or plan will continue to provide coverage for the Dependent child. The new insurer or plan may request information about the Dependent child initially and not more frequently than annually thereafter to determine if the Dependent child continues to satisfy the following criteria:

- Is not able to be self-supporting because of a physically or mentally disabling illness or health condition.
- Depends chiefly on the Subscriber for support.

The Subscriber or Covered Person must submit the information requested by the new insurer or plan within 60 days of receiving the request.

Continued Enrollment of a Disabled Child

A disabled Dependent child who is age 26 or older will be continued to be enrolled under the Policy if he or she is enrolled at the time he or she attains age 26, provided that satisfactory evidence of such disability is provided to us during the period commencing 60 days before and ending 60 days after the Dependent child's 26th birthday.

Extended Coverage for Total Disability

Coverage for a Covered Person who is Totally Disabled on the date the entire Policy is terminated will not end automatically. We will temporarily extend the coverage, only for treatment of the condition causing the Total Disability. Benefits will be paid until the earlier of either of the following:

- The Total Disability ends.
- Twelve months from the date coverage would have ended when the entire Policy was terminated.

Continuation of Coverage

If your coverage ends under the Policy, you may be entitled to elect continuation coverage (coverage that continues on in some form) in accordance with federal or state law.

Continuation coverage under COBRA (the federal Consolidated Omnibus Budget Reconciliation Act) is available only to Enrolling Groups that are subject to the terms of COBRA. You can contact your plan administrator to determine if your Enrolling Group is subject to the provisions of COBRA.

If you selected continuation coverage under a prior plan which was then replaced by coverage under the Policy, continuation coverage will end as scheduled under the prior plan or in accordance with federal or state law, whichever is earlier.

We are not the Enrolling Group's designated "plan administrator" as that term is used in federal law, and we do not assume any responsibilities of a "plan administrator" according to federal law.

We are not obligated to provide continuation coverage to you if the Enrolling Group or its plan administrator fails to perform its responsibilities under federal law. Examples of the responsibilities of the Enrolling Group or its plan administrator are:

- Notifying you in a timely manner of the right to elect continuation coverage.

- Notifying us in a timely manner of your election of continuation coverage.

Extension of Continuation Coverage under State Law (Cal-COBRA) after Exhaustion of Federal COBRA Continuation Coverage

A Qualified Beneficiary is an individual who was covered under the Policy and has also exhausted their continuation coverage under Federal law (COBRA) for which they were entitled to less than 36 months of coverage. Extended continuation coverage under state law (Cal-COBRA) may be obtained for up to 36 months from the date that the COBRA continuation began.

Qualifying Events for Continuation Coverage under State Law (Cal-COBRA)

The date of your "Qualifying Event" is the date that continuation coverage began under your federal COBRA continuation.

Notification Requirements and Election Period for Continuation Coverage under State Law (Cal-COBRA)

Notification of any right to extended coverage under Cal-COBRA will be provided to you by us within 90 days prior to your termination under COBRA. Continuation must be elected within 30 days of when COBRA continuation is scheduled to end.

The Enrolling Group or the Enrolling Group's designated plan administrator will notify you of any annual Benefit or Premium changes that may occur during your Open Enrollment Period.

Termination Events for Continuation Coverage under State Law (Cal-COBRA)

Continuation under the Policy will end on the earliest of the following dates:

- Thirty-six months from the date of your qualifying event.
- The date, after electing continuation coverage, that the Qualified Beneficiary first becomes entitled to Medicare.
- The date, after electing continuation coverage that the Qualified Beneficiary has other hospital, medical or surgical coverage, or is or becomes covered under another group health plan.
- The date the Qualified Beneficiary is covered, becomes covered, or is eligible for coverage pursuant to Chapter 6A of the Public Health Service Act.
- The date coverage terminated under the Policy for failure to make timely payment of the Premium.
- The date the entire Policy ends.
- The date coverage would otherwise terminate under the Policy as described in this section under the heading Events Ending Your Coverage.

Section 5: How to File a Claim

If You Receive Covered Health Services from a Network Provider

We pay Network providers directly for your Covered Health Services. If a Network provider bills you for any Covered Health Service, contact us. However, you are responsible for meeting any applicable deductible and for paying any required Copayments and Coinsurance to a Network provider at the time of service, or when you receive a bill from the provider.

If You Receive Covered Health Services from a Non-Network Provider

When you receive Covered Health Services from a non-Network provider, you are responsible for requesting payment from us.

Notice of Claim: Written notice of claim must be furnished to us within 20 days after a covered loss occurs or begins, or as soon thereafter as reasonably possible.

Proof of Loss: Written proof of loss must be furnished to us within 90 days after the date of such loss. Failure to furnish such proof within the time required will not invalidate nor reduce any claim if it was not reasonably possible to give proof within such time, provided such proof is furnished as soon as reasonably possible and in no event, except in the absence of legal capacity, later than one year from the time proof is otherwise required. If your claim relates to an Inpatient Stay, the date of service is the date your Inpatient Stay ends.

Claim Forms: Upon receipt of a written notice of a claim, we will provide you with claim forms for filing proof of loss. If we do not provide claim forms to you within 15 days after we receive written notice of a claim from you, you will have deemed to have complied with the requirements of the Policy as to proof of loss upon submitting, within the timeframe for filing a proof of loss (as described above), written proof covering the occurrence, the character and the extent of the loss for which the claim is made.

As a third alternative, you may provide us with the following specific information in lieu of the claim form:

- The Subscriber's name and address.
- The patient's name and age.
- The number stated on your ID card.
- The name and address of the provider of the service(s).
- The name and address of any ordering Physician.
- A diagnosis from the Physician.
- An itemized bill from your provider that includes the *Current Procedural Terminology (CPT)* codes or a description of each charge.
- The date the health condition began.
- A statement indicating either that you are, or you are not, enrolled for coverage under any other health insurance plan or program. If you are enrolled for other coverage you must include the name of the other carrier(s).

The above information should be filed with us at the address on your ID card. When filing a claim for Outpatient Prescription Drug Benefits, your claims should be submitted to:

Optum Rx

Attn: Claims Department

P.O. Box 29077

Hot Springs, AR 71903

Time of Payment of Claim: Subject to due written proof of loss, all indemnities for loss for which this Policy provides payment will be paid (to the Subscriber) as they accrue and any balance remaining unpaid at termination of the period of liability will be paid (to the Subscriber) immediately upon receipt of due written proof.

Payment of Claims to the Subscriber: Subject to any written direction of the Subscriber in an application or otherwise all or a portion of any indemnities provided by this Policy on account of hospital, nursing, medical or surgical service may, at our option, and unless the Subscriber requests otherwise in writing not later than the time for filing proof of such loss, be paid directly to the Hospital or person rendering such services, but it is not required that the service be rendered by a particular Hospital or person.

Payment of Benefits

We will pay Benefits within 30 days after we receive your request for payment that includes all required information.

We will reimburse claims or any portion of any claim, whether in-state or out-of-state, for Covered Health Services, as soon as possible, no later than 30 working days after receipt of the claim.

However, a claim or portion of a claim may be contested or denied by us. In that case you will be notified in writing that the claim is contested or denied within 30 working days of receipt of the claim. The notice that the claim is being contested or denied will identify the portion of the claim that is contested or denied and the specific reasons including, for each reason, the factual and legal basis known at the time by us for contesting or denying the claim. If the reason is based solely on facts or solely on law, we will provide only the factual or the legal basis for contesting or denying the claim. We will provide a copy of such notice to each Covered Person who received services pursuant to the claim that was contested or denied and the health care provider that provided the services at issue.

If an uncontested claim is not reimbursed by delivery to your address of record within 30 working days after receipt, we will pay interest at the rate of 10% per annum beginning with the first calendar day after the 30-working-day period.

If a Subscriber provides written authorization to allow this, all or a portion of any Eligible Expenses due to a provider may be paid directly to the provider instead of being paid to the Subscriber. But we will not reimburse third parties that have purchased or been assigned benefits by Physicians or other providers.

Benefits will be paid to you unless either of the following is true:

- The provider notifies us that your signature is on file, assigning benefits directly to that provider.
- You make a written request at the time you submit your claim.

If you disagree with our Adverse Benefit Determination, you may file a formal appeal. Our internal review appeals procedures are designed to deliver a timely response and resolution to your appeal. We will continue to provide coverage for the Covered Health Service under review until the Adverse Benefit Determination is resolved.

An Adverse Benefit Determination is any of the following: a denial, reduction, or termination of, or a failure to provide or make payment (in whole or in part) for, a Benefit, including any such denial, reduction, termination, or failure to provide or make payment that is based on a determination of a participant's or beneficiary's eligibility to participate in a plan, and including, with respect to group health plans, a denial, reduction, or termination of, or a failure to provide or make payment (in whole or in part) for, a Benefit resulting from the application of any utilization review, as well as a failure to cover an item or service for which benefits are otherwise provided because it is determined to be an Experimental or Investigational Service or not Medically Necessary or appropriate. An adverse benefit determination also includes any rescission of coverage (whether or not, in connection with the rescission, there is an adverse effect on any particular Benefit at that time).

Post-service Claims

Post-service claims are those claims that are filed for payment of Benefits after medical care has been received.

Pre-service Requests for Benefits

Pre-service requests for Benefits are those requests that require prior authorization or benefit confirmation prior to receiving medical care.

How to Request an Appeal

If you disagree with either a pre-service request for Benefits determination, post-service claim determination or a rescission of coverage determination, you can contact us in writing to formally request an appeal.

Your request for an appeal should include:

- The patient's name and the identification number from the ID card.
- The date(s) of medical service(s).
- The provider's name.
- The reason you believe the claim should be paid.
- Any documentation or other written information to support your request for claim payment.

Your first appeal request must be submitted to us within 180 days after you receive the denial of a pre-service request for Benefits or the claim denial.

Appeal Process

A qualified individual who was not involved in the decision being appealed will be appointed to decide the appeal. If your appeal is related to clinical matters, the review will be done in consultation with a health care professional with appropriate expertise in the field, who was not involved in the prior determination. We may consult with, or seek the participation of, medical experts as part of the appeal resolution process. You consent to this referral and the sharing of pertinent medical claim information. Upon request and free of charge, you have the right to reasonable access to and copies of all documents, records and other information relevant to your claim for Benefits. In addition, if any new or additional evidence is relied upon or generated by us during the determination of the appeal, we will provide it to you free of charge and sufficiently in advance of the due date of the response to the Adverse Benefit Determination.

Appeals Determinations

Pre-service Requests for Benefits and Post-service Claim Appeals

For procedures associated with Urgent Requests for Benefits, see *Urgent Appeals that Require Immediate Action* below.

You will be provided written or electronic notification of the decision on your appeal as follows:

- For appeals of pre-service requests for Benefits as identified above, the first level appeal will be conducted and you will be notified of the decision within 30 days from receipt of a request for appeal of a denied request for Benefits. (For procedures associated non-Urgent Requests for Benefits based on Medical Necessity for Benefits, see *Non-Urgent Pre-Service Requests Based on Medical Necessity* below.)
- For appeals of post-service claims as identified above, the first level appeal will be conducted and you will be notified of the decision within 30 days of the receipt of information that is reasonably necessary to make this determination. The determination will be communicated to the provider in a manner that is consistent with current law.

Our decision is based on whether or not Benefits are available under the Policy for the proposed treatment or procedure.

Non-Urgent Pre-Service Requests Based on Medical Necessity

Decisions to deny or modify requests for authorization of Covered Health Services for a Covered Person, based on Medical Necessity, are made only by licensed Physicians or other appropriately licensed health care professionals. The reviewer makes these decisions within at least the following time frame required by state law:

- Decisions to approve, modify or deny requests for authorization of Covered Health Services, based on Medical Necessity, will be made in a timely fashion appropriate for the nature of the Covered Person's condition, not to exceed five business days from our receipt of the information reasonably necessary and requested to make the decision.
- If the Covered Person's condition poses an imminent and serious threat to their health, including, but not limited to, potential loss of life, limb or other major bodily function, or if lack of timeliness would be detrimental in regaining maximum function or to the Covered Person's life or health, the decision will be rendered in a timely fashion appropriate for the nature of the Covered Person's condition, but not later than 72 hours after our receipt of the information reasonably necessary and requested by the reviewer to make the determination (an Urgent Request).

If the decision cannot be made within these time frames because: (1) we are not in receipt of all of the information reasonably necessary and requested or (2) consultation by an expert reviewer is required, or (3) the reviewer has asked that an additional examination or test be performed upon the Covered Person, provided the examination or test is reasonable and consistent with good medical practice, the reviewer will notify the Physician and the Covered Person, in writing, upon the earlier of the expiration of the required time frame above or as soon as we become aware that they will not be able to meet the required time frame.

The notification will specify the information requested but not received or the additional examinations or tests required, and the anticipated date on which a decision may be rendered following receipt of all reasonably necessary requested information. Upon receipt of all information reasonably necessary and requested by us, the reviewer shall approve, modify or deny the request for authorization within the time frame specified above as applicable.

Concurrent Care Claims

If an on-going course of treatment was previously approved for a specific period of time or number of treatments, and your request to extend the treatment is an Urgent Request for Benefits, your request will be decided within 24 hours, provided your request is made at least 24 hours prior to the end of the approved treatment. We will make a determination on your request for the extended treatment within 24 hours from receipt of your request.

If your request for extended treatment is not made at least 24 hours prior to the end of the approved treatment, the request will be treated as an Urgent Request for Benefits and decided according to the timeframes described above. If an on-going course of treatment was previously approved for a specific period of time or number of treatments, and you request to extend treatment in a non-urgent circumstance, your request will be decided within 5 business days of the request.

We will provide continued coverage pending the outcome of an appeal. We will not reduce or terminate an ongoing course of treatment without providing advance notice and an opportunity for advance review.

Urgent Appeals that Require Immediate Action

Your appeal may require immediate action if a delay in treatment could significantly increase the risk to your health, or the ability to regain maximum function, or cause severe pain. In these urgent situations:

- The appeal does not need to be submitted in writing. You or your Physician should call us as soon as possible.
- We will provide you with a written or electronic determination within 72 hours following receipt of your request for review of the determination, taking into account the seriousness of your condition.
- If we need more information from your Physician to make a decision, we will notify you of the decision by the end of the next business day following receipt of the required information.

The appeal process for urgent situations does not apply to prescheduled treatments, therapies or surgeries.

Denial of Experimental, Investigational or Unproven Services

If we deny Benefits for a medical procedure or plan of treatment as being Experimental or Investigational Services or Unproven Services and those services are for a Covered Person Life-Threatening or seriously debilitating condition, we will provide you with written notification of all of the following:

- Written notice within 5 business days describing how you can request an external review of any decision that denies Experimental or Investigational Services or Unproven Services.

- The specific medical and scientific reasons for the denial and specific references to pertinent Policy provisions upon which the denial is based.
- A description of the alternative medical procedures or treatments covered by the Policy, if any.
- A description of the process of external review explaining how you or your representative can appeal the denial and participate in the review. An external review will be provided to the Covered Person within 30 calendar days following the receipt of a request for external review. An expedited review may be held within 5 business days at the request of the treating Physician.

For purposes of this section, "seriously debilitating" means diseases or conditions that cause major irreversible morbidity.

Independent External Review Program

- If we deny Benefits because it was determined that the treatment is not Medically Necessary or was an Experimental, Investigational or Unproven Service, you may request an Independent Medical Review (IMR) from the *California Department of Insurance (CDI)* at no cost to you. However, you must first file an appeal of the denial with us.
- **First Steps:** Appeal the denial using our internal appeals/grievance process.
- Find out the reason for the denial and review the Policy language supporting the denial.
- Submit all necessary support for treatment, with doctor(s) statements and medical records.
- Provide research showing the treatment requested is accepted and appropriate, if possible.

IMR Deadlines: If we uphold our decision or delay responding to your appeal/grievance, then you may file a Request for Assistance or an IMR request with the California Department of Insurance. This request must be made within 6 months of our upholding the decision on appeal.

Getting Independent Medical Review: In this process, expert independent medical professional review the medical decisions made by us and often decide in favor of the Covered Person getting the medical treatment requested.

An IMR can be requested if our decision involves:

- Health claims that have been denied, modified, or delayed by us because a Covered Health Service or treatment was not considered Medically Necessary;
- Health claims that have been denied for urgent or emergency services that a provider recommended was Medically Necessary;
- Health claims that have been denied as being Experimental, Investigational or Unproven Services.

The results of an external review requested for Experimental, Investigational or Unproven Services can be rendered in seven days if you suffer from a terminal illness and your Physician requests an expedited review.

6 Easy Steps to IMR:

1. Notify CDI to request an IMR and fill out an application.
2. Agree and provide written consent to participate in IMR.
3. The CDI determines if the request is eligible for IMR.
4. The IMR Organization will have 30 days to review once all information is gathered--unless the request involves an imminent and serious threat to health, which can be expedited and a decision rendered in 3 days.

5. The IMR organization will send the decision to the Covered Person, UnitedHealthcare Insurance Company, and the California Insurance Commissioner.

6. The California Insurance Commissioner will adopt the recommendation of the IMR organization and promptly notify the Covered Person and us. The decision is binding on UnitedHealthcare Insurance Company.

Reviewing Coverage Denials: If we deny treatment as not a Covered Health Service, or if CDI finds that the issue does not involve a disputed health care service, CDI will review our decision for correctness.

Contact us at the telephone number shown on your ID card for more information on the independent external review program.

Section 7: Coordination of Benefits

Benefits When You Have Coverage under More than One Plan

This section describes how Benefits under the Policy will be coordinated with those of any other plan that provides benefits to you. The language in this section is based on California regulations.

When Coordination of Benefits Applies

This coordination of benefits (COB) provision applies when a person has health care coverage under more than one Plan. Plan is defined below.

The order of benefit determination rules below govern the order in which each Plan will pay a claim for benefits. The Plan that pays first is called the Primary Plan. The Primary Plan must pay benefits in accordance with its policy terms without regard to the possibility that another Plan may cover some expenses. The Plan that pays after the Primary Plan is the Secondary Plan. The Secondary Plan may reduce the benefits it pays so that payments from all Plans do not exceed 100% of the total Allowable Expense.

Definitions

For purposes of this section, terms are defined as follows:

- A. A Plan is any of the following that provides benefits or services for medical, pharmacy or dental care or treatment. If separate contracts are used to provide coordinated coverage for members of a group, the separate contracts are considered parts of the same plan and there is no COB among those separate contracts.
 - 1. Plan includes: group, blanket, franchise and non-group insurance contracts, health maintenance organization (HMO) contracts, closed panel plans or other forms of group or group-type coverage (whether insured or uninsured); medical care components of long-term care contracts, such as skilled nursing care; medical benefits under group or individual automobile contracts; and Medicare or any other federal governmental plan, as permitted by law.
 - 2. Plan does not include: hospital indemnity coverage insurance or other fixed indemnity coverage; accident only coverage; specified disease or specified accident coverage; limited benefit health coverage, as defined by state law; school accident type coverage; benefits for non-medical components of long-term care policies; medical benefits under group or individual automobile contracts; Medicare supplement policies; Medicaid policies; or coverage under other federal governmental plans, unless permitted by law.

Each contract for coverage under 1. or 2. above is a separate Plan. If a Plan has two parts and COB rules apply only to one of the two, each of the parts is treated as a separate Plan.

The term "Plan" shall be construed separately with respect to each policy, contract, or other arrangement for benefits or services and separately with respect to that portion of any such policy, contract, or other arrangement which reserves the right to take the benefits or services of other Plans into consideration in determining its benefits and that portion which does not.

- B. This Plan means, in a COB provision, the part of the contract providing the health care benefits to which the COB provision applies and which may be reduced because of the benefits of other plans. Any other part of the contract providing health care benefits is separate from This Plan. A contract may apply one COB provision to certain benefits, such as dental benefits, coordinating only with similar benefits, and may apply another COB provision to coordinate other benefits.

- C. The order of benefit determination rules determine whether This Plan is a Primary Plan or Secondary Plan when the person has health care coverage under more than one Plan. When This Plan is primary, it determines payment for its benefits first before those of any other Plan without considering any other Plan's benefits. When This Plan is secondary, it determines its benefits after those of another Plan and may reduce the benefits it pays so that all Plan benefits do not exceed 100% of the total Allowable Expense.
- D. Allowable Expense is a health care expense, including deductibles, coinsurance and copayments, that is covered at least in part by any Plan covering the person. When a Plan provides benefits in the form of services, the reasonable cash value of each service will be considered an Allowable Expense and a benefit paid. An expense that is not covered by any Plan covering the person is not an Allowable Expense. In addition, any expense that a provider by law or in accordance with a contractual agreement is prohibited from charging a Covered Person is not an Allowable Expense.

The following are examples of expenses or services that are not Allowable Expenses:

1. The difference between the cost of a semi-private hospital room and a private room is not an Allowable Expense unless one of the Plans provides coverage for private hospital room expenses.
 2. If a person is covered by two or more Plans that compute their benefit payments on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology, any amount in excess of the highest reimbursement amount for a specific benefit is not an Allowable Expense.
 3. If a person is covered by two or more Plans that provide benefits or services on the basis of negotiated fees, an amount in excess of the highest of the negotiated fees is not an Allowable Expense.
 4. If a person is covered by one Plan that calculates its benefits or services on the basis of usual and customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology and another Plan that provides its benefits or services on the basis of negotiated fees, the Primary Plan's payment arrangement shall be the Allowable Expense for all Plans. However, if the provider has contracted with the Secondary Plan to provide the benefit or service for a specific negotiated fee or payment amount that is different than the Primary Plan's payment arrangement and if the provider's contract permits, the negotiated fee or payment shall be the Allowable Expense used by the Secondary Plan to determine its benefits.
 5. The amount of any benefit reduction by the Primary Plan because a Covered Person has failed to comply with the Plan provisions is not an Allowable Expense. Examples of these types of plan provisions include second surgical opinions, precertification of admissions and preferred provider arrangements.
- E. Closed Panel Plan is a Plan that provides health care benefits to Covered Persons primarily in the form of services through a panel of providers that have contracted with or are employed by the Plan, and that excludes benefits for services provided by other providers, except in cases of emergency or referral by a panel member.
 - F. Custodial Parent is the parent awarded custody by a court decree or, in the absence of a court decree, is the parent with whom the child resides more than one half of the calendar year excluding any temporary visitation.

Order of Benefit Determination Rules

When a person is covered by two or more Plans, the rules for determining the order of benefit payments are as follows:

- A. The Primary Plan pays or provides its benefits according to its terms of coverage and without regard to the benefits under any other Plan.
- B. Except as provided in the next paragraph, a Plan that does not contain a coordination of benefits provision that is consistent with this provision is always primary unless the provisions of both Plans state that the complying plan is primary.

Coverage that is obtained by virtue of membership in a group that is designed to supplement a part of a basic package of benefits and provides that this supplementary coverage shall be in excess of any other parts of the Plan provided by the contract holder. Examples of these types of situations are major medical coverages that are superimposed over base plan hospital and surgical benefits and insurance type coverages that are written in connection with a Closed Panel Plan to provide out-of-network benefits.

- C. A Plan may consider the benefits paid or provided by another Plan in determining its benefits only when it is secondary to that other Plan.
- D. Each Plan determines its order of benefits using the first of the following rules that apply:
 - 1. Non-Dependent or Dependent. The Plan that covers the person other than as a dependent, for example as an employee, member, policyholder, subscriber or retiree is the Primary Plan and the Plan that covers the person as a dependent is the Secondary Plan. However, if the person is a Medicare beneficiary and, as a result of federal law, Medicare is secondary to the Plan covering the person as a dependent; and primary to the Plan covering the person as other than a dependent (e.g. a retired employee); then the order of benefits between the two Plans is reversed so that the Plan covering the person as an employee, member, policyholder, subscriber or retiree is the Secondary Plan and the other Plan is the Primary Plan.
 - 2. Dependent Child Covered Under More Than One Coverage Plan. Unless there is a court decree stating otherwise, plans covering a dependent child shall determine the order of benefits as follows:
 - a) For a dependent child whose parents are married or are living together, whether or not they have ever been married:
 - (1) The Plan of the parent whose birthday falls earlier in the calendar year is the Primary Plan; or
 - (2) If both parents have the same birthday, the Plan that covered the parent longest is the Primary Plan.
 - b) For a dependent child whose parents are divorced or separated or are not living together, whether or not they have ever been married:
 - (1) If a court decree states that one of the parents is responsible for the dependent child's health care expenses or health care coverage and the Plan of that parent has actual knowledge of those terms, that Plan is primary. If the parent with responsibility has no health care coverage for the dependent child's health care expenses, but that parent's spouse does, that parent's spouse's plan is the Primary Plan. This shall not apply with respect to any plan year during which benefits are paid or provided before the entity has actual knowledge of the court decree provision.
 - (2) If a court decree states that both parents are responsible for the dependent child's health care expenses or health care coverage, the provisions of subparagraph a) above shall determine the order of benefits.
 - (3) If a court decree states that the parents have joint custody without specifying that one parent has responsibility for the health care expenses or health care

coverage of the dependent child, the provisions of subparagraph a) above shall determine the order of benefits.

- (4) If there is no court decree allocating responsibility for the child's health care expenses or health care coverage, the order of benefits for the child are as follows:
 - (a) The Plan covering the Custodial Parent.
 - (b) The Plan covering the Custodial Parent's spouse.
 - (c) The Plan covering the non-Custodial Parent.
 - (d) The Plan covering the non-Custodial Parent's spouse.
- c) For a dependent child covered under more than one plan of individuals who are not the parents of the child, the order of benefits shall be determined, as applicable, under subparagraph a) or b) above as if those individuals were parents of the child.
3. Active Employee or Retired or Laid-off Employee. The Plan that covers a person as an active employee, that is, an employee who is neither laid off nor retired is the Primary Plan. The same would hold true if a person is a dependent of an active employee and that same person is a dependent of a retired or laid-off employee. If the other Plan does not have this rule, and, as a result, the Plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled D.1. can determine the order of benefits.
4. COBRA or State Continuation Coverage. If a person whose coverage is provided pursuant to COBRA or under a right of continuation provided by state or other federal law is covered under another Plan, the Plan covering the person as an employee, member, subscriber or retiree or covering the person as a dependent of an employee, member, subscriber or retiree is the Primary Plan, and the COBRA or state or other federal continuation coverage is the Secondary Plan. If the other Plan does not have this rule, and as a result, the Plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled D.1. can determine the order of benefits.
5. Longer or Shorter Length of Coverage. The Plan that covered the person as an employee, member, policyholder, subscriber or retiree longer is the Primary Plan and the Plan that covered the person the shorter period of time is the Secondary Plan.
6. If the preceding rules do not determine the order of benefits, the Allowable Expenses shall be shared equally between the Plans meeting the definition of Plan. In addition, This Plan will not pay more than it would have paid had it been the Primary Plan.

Effect on the Benefits of This Plan

- A. When This Plan is secondary, it may reduce its benefits so that the total benefits paid or provided by all Plans are not more than the total Allowable Expenses. In determining the amount to be paid for any claim, the Secondary Plan will calculate the benefits it would have paid in the absence of other health care coverage and apply that calculated amount to any Allowable Expense under its Plan that is unpaid by the Primary Plan. The Secondary Plan may then reduce its payment by the amount so that, when combined with the amount paid by the Primary Plan, the total benefits paid or provided by all Plans for the claim do not exceed the total Allowable Expense for that claim. In addition, the Secondary Plan shall credit to its plan deductible any amounts it would have credited to its deductible in the absence of other health care coverage.
- B. If a Covered Person is enrolled in two or more Closed Panel Plans and if, for any reason, including the provision of service by a non-panel provider, benefits are not payable by one Closed Panel Plan, COB shall not apply between that Plan and other Closed Panel Plans.

- C. This Coverage Plan reduces its benefits as described below for Covered Persons who are eligible for Medicare when Medicare would be the Primary Coverage Plan.

Medicare benefits are determined as if the full amount that would have been payable under Medicare was actually paid under Medicare, even if:

- The person is entitled but not enrolled in Medicare. Medicare benefits are determined as if the person were covered under Medicare Parts A and B.
- The person is enrolled in a *Medicare Advantage* (Medicare Part C) plan and receives non-covered services because the person did not follow all rules of that plan. Medicare benefits are determined as if the services were covered under Medicare Parts A and B.
- The person receives services from a provider who has elected to opt-out of Medicare. Medicare benefits are determined as if the services were covered under Medicare Parts A and B and the provider had agreed to limit charges to the amount of charges allowed under Medicare rules.
- The services are provided in any facility that is not eligible for Medicare reimbursements, including a Veterans Administration facility, facility of the Uniformed Services, or other facility of the federal government. Medicare benefits are determined as if the services were provided by a facility that is eligible for reimbursement under Medicare.
- The person is enrolled under a plan with a *Medicare Medical Savings Account*. Medicare benefits are determined as if the person were covered under Medicare Parts A and B.

Important: If you are eligible for Medicare on a primary basis (Medicare pays before Benefits under this Coverage Plan), you should enroll for and maintain coverage under both Medicare Part A and Part B. If you don't enroll and maintain that coverage, and if we are secondary to Medicare, we will pay Benefits under this Coverage Plan as if you were covered under both Medicare Part A and Part B. As a result, your out-of-pocket costs will be higher.

If you have not enrolled in Medicare, Benefits will be determined as if you timely enrolled in Medicare and obtained services from a Medicare participating provider if either of the following applies:

- You are eligible for, but not enrolled in, Medicare and this Coverage Plan is secondary to Medicare.
- You have enrolled in Medicare but choose to obtain services from a doctor that opts-out of the Medicare program.

When calculating this Coverage Plan's Benefits in these situations for administrative convenience, we may treat the provider's billed charges, rather than the Medicare approved amount or Medicare limiting charge, as the Allowable Expense for both this Coverage Plan and Medicare.

Right to Receive and Release Needed Information

Certain facts about health care coverage and services are needed to apply these COB rules and to determine benefits payable under This Plan and other Plans. We may get the facts we need from, or give them to, other organizations or persons for the purpose of applying these rules and determining benefits payable under This Plan and other Plans covering the person claiming benefits.

We need not tell, or get the consent of, any person to do this. Each person claiming benefits under This Plan must give us any facts we need to apply those rules and determine benefits payable. If you do not provide us the information we need to apply these rules and determine the Benefits payable, your claim for Benefits will be denied.

Payments Made

A payment made under another Plan may include an amount that should have been paid under This Plan. If it does, we may pay that amount to the organization that made the payment. That amount will then be treated as though it were a benefit paid under This Plan. We will not have to pay that amount again. The term "payment made" includes providing benefits in the form of services, in which case "payment made" means reasonable cash value of the benefits provided in the form of services.

Right of Recovery

If the amount of the payments we made is more than we should have paid under this COB provision, we may recover the excess from one or more of the persons we have paid or for whom we have paid; or any other person or organization that may be responsible for the benefits or services provided for you. The "amount of the payments made" includes the reasonable cash value of any benefits provided in the form of services.

When Medicare is Secondary

If you have other health insurance which is primary to Medicare, then Benefits payable under This Plan will be based on Medicare's reduced benefits. In no event will the combined benefits paid under these coverages exceed the total Medicare Eligible Expense for the service or item.

Section 8: General Legal Provisions

Your Relationship with Us

In order to make choices about your health care coverage and treatment, we believe that it is important for you to understand how we interact with your Enrolling Group's Benefit plan and how it may affect you. We help finance or administer the Enrolling Group's Benefit plan in which you are enrolled. We offer health care coverage to Eligible Persons with a physical handicap under the same terms and conditions as are offered to Eligible Persons without a physical handicap. We do not provide medical services or make treatment decisions. This means:

- We communicate to you decisions about whether the Enrolling Group's Benefit plan will cover or pay for the health care that you may receive. The plan pays for Covered Health Services, which are more fully described in this *Certificate*.
- The plan may not pay for all treatments you or your Physician may believe are necessary. Your right to Benefits is limited to the Covered Health Services described in *Section 1: Covered Health Services*. If you choose to receive a service that has been determined not to be a Medically Necessary Covered Health Service under the Policy, you will be responsible for paying all charges and no Benefits will be paid.

We may use individually identifiable information about you to identify for you (and you alone) procedures, products or services that you may find valuable. We will use individually identifiable information about you as permitted or required by law, including in our operations and in our research. We will use de-identified data for commercial purposes including research.

Please refer to our *Notice of Privacy Practices* for details.

Our Relationship with Providers and Enrolling Groups

The relationships between us and Network providers and Enrolling Groups are solely contractual relationships between independent contractors. Network providers and Enrolling Groups are not our agents or employees. Neither we nor any of our employees are agents or employees of Network providers or the Enrolling Groups.

We do not provide health care services or supplies, nor do we practice medicine. Instead, we arrange for health care providers to participate in a Network and we pay Benefits. Network providers are independent practitioners who run their own offices and facilities. Our credentialing process confirms public information about the providers' licenses and other credentials, but does not assure the quality of the services provided. They are not our employees nor do we have any other relationship with Network providers such as principal-agent or joint venture. We are not liable for any act or omission of any provider.

We are not considered to be an employer for any purpose with respect to the administration or provision of benefits under the Enrolling Group's Benefit plan. We are not responsible for fulfilling any duties or obligations of an employer with respect to the Enrolling Group's Benefit plan.

The Enrolling Group is solely responsible for all of the following:

- Enrollment and classification changes (including classification changes resulting in your enrollment or the termination of your coverage).
- The timely payment of the Policy Charge to us.
- Notifying you of the termination of the Policy.

When the Enrolling Group purchases the Policy to provide coverage under a benefit plan governed by the *Employee Retirement Income Security Act* ("ERISA"), 29 U.S.C. §1001 et seq., we are not the plan

administrator or named fiduciary of the benefit plan, as those terms are used in ERISA. If you have questions about your welfare benefit plan, you should contact the Enrolling Group. If you have any questions about this statement or about your rights under ERISA, contact the nearest area office of the *Employee Benefits Security Administration, U. S. Department of Labor.*

Your Relationship with Providers and Enrolling Groups

The relationship between you and any provider is that of provider and patient.

- You are responsible for choosing your own provider.
- You are responsible for paying, directly to your provider, any amount that is a member responsibility, including Copayments, Coinsurance, any deductible and any amount that exceeds Eligible Expenses.
- You are responsible for paying, directly to your provider, the cost of any non-Covered Health Service.
- You must decide if any provider treating you is right for you. This includes Network providers you choose and providers to whom you have been referred.
- You must decide with your provider what care you should receive.
- Your provider is solely responsible for the quality of the services provided to you.

The relationship between you and the Enrolling Group is that of employer and employee, Dependent or other classification as defined in the Policy.

Notice

When we provide written notice regarding administration of the Policy to an authorized representative of the Enrolling Group, that notice is deemed notice to all affected Subscribers and their Enrolled Dependents. The Enrolling Group is responsible for giving notice to you.

We will provide notice to the Enrolling Group and all affected Subscribers if either of the following occurs:

- **For discontinuance of a particular health benefit plan.** Your coverage may be terminated if UnitedHealthcare decides to cease offering the a particular health benefit plan upon 90 days written notice to the California Department of Insurance, the Enrolling Group and all affected Subscribers covered under the health benefit plan. When a health benefit plan is discontinued, UnitedHealthcare will make all other health benefit plans offered to new group business available to the Enrolling Group without regard to the claims experience of health-related factors of insureds or individuals who may become eligible for the coverage.
- **For discontinuance of all new and existing health benefit plans.** Your coverage may be terminated if UnitedHealthcare decides to cease offering existing or new plans in the group market in the State of California upon 180 days written notice to the California Department of Insurance, the Enrolling Group and all affected Subscribers covered under the health benefit plans.

Statements by Enrolling Group or Subscriber

All statements made by the Enrolling Group or by a Subscriber shall, in the absence of fraud, be deemed representations and not warranties. We will not use any statement made by the Enrolling Group to void the Policy, including fraud or an intentional misrepresentation of a material fact, after twenty-four (24) months from the date of issuance of the Policy.

Incentives to Providers

We pay Network providers through various types of contractual arrangements, some of which may include financial incentives to promote the delivery of health care in a cost efficient and effective manner. These financial incentives are not intended to affect your access to health care.

Examples of financial incentives for Network providers are:

- Bonuses for performance based on factors that may include quality, member satisfaction and/or cost-effectiveness.
- Capitation - a group of Network providers receives a monthly payment from us for each Covered Person who selects a Network provider within the group to perform or coordinate certain health services. The Network providers receive this monthly payment regardless of whether the cost of providing or arranging to provide the Covered Person's health care is less than or more than the payment.

We use various payment methods to pay specific Network providers. From time to time, the payment method may change. If you have questions about whether your Network provider's contract with us includes any financial incentives, we encourage you to discuss those questions with your provider. You may also contact us at the telephone number on your ID card. We can advise whether your Network provider is paid by any financial incentive, including those listed above; however, the specific terms of the contract, including rates of payment, are confidential and cannot be disclosed.

Incentives to You

Sometimes we may offer coupons or other incentives to encourage you to participate in various wellness programs or certain disease management programs. The decision about whether or not to participate is yours alone but we recommend that you discuss participating in such programs with your Physician. These incentives are not Benefits and do not alter or affect your Benefits. Contact us if you have any questions.

Interpretation of Benefits

We will do the following:

- Pay Benefits according to the Policy.
- Pay Benefits according to this Policy and subject to the other terms, conditions, limitations and exclusions set out in this *Certificate*, the *Schedule of Benefits* and any Riders and/or Amendments.
- Make factual determinations related to the Policy and its Benefits.

Other persons or entities may provide services in regard to the administration of the Policy.

In certain circumstances, for purposes of overall cost savings or efficiency, we have the authority to offer Benefits for services that would otherwise not be Covered Health Services. The fact that we do so in any particular case shall not in any way be deemed to require us to do so in other similar cases.

Administrative Services

We may arrange for various persons or entities to provide administrative services in regard to the Policy, such as claims processing. The identity of the service providers and the nature of the services they provide may be changed from time to time. We are not required to give you prior notice of any such change, nor are we required to obtain your approval. You must cooperate with those persons or entities in the performance of their responsibilities.

Amendments to the Policy

To the extent permitted by law, we reserve the right to change, modify, withdraw or add Benefits or terminate the Policy.

Any provision of the Policy which, on its effective date, is in conflict with the requirements of state or federal statutes or regulations (of the jurisdiction in which the Policy is delivered) is hereby amended to conform to the minimum requirements of such statutes and regulations.

No other change may be made to the Policy unless it is made by an Amendment or Rider which has been signed by one of our officers. All of the following conditions apply:

- Amendments to the Policy are effective 31 days after we send written notice to the Enrolling Group.
- Riders are effective on the date we specify.
- No agent has the authority to change the Policy or to waive any of its provisions.
- No one has authority to make any oral changes or amendments to the Policy.

Information and Records

We may use your individually identifiable health information to administer the Policy and pay claims, to identify procedures, products, or services that you may find valuable, and as otherwise permitted or required by law. We may request additional information from you to decide your claim for Benefits. We will keep this information confidential. We may also use your de-identified data for commercial purposes, including research, as permitted by law. More detail about how we may use or disclose your information is found in our *Notice of Privacy Practices*.

By accepting Benefits under the Policy, you authorize and direct any person or institution that has provided services to you to furnish us with all information or copies of records relating to the services provided to you. We have the right to request this information at any reasonable time. This applies to all Covered Persons, including Enrolled Dependents whether or not they have signed the Subscriber's enrollment form. We agree that such information and records will be considered confidential.

We have the right to release any and all records concerning health care services which are necessary to implement and administer the terms of the Policy, for appropriate medical review or quality assessment, or as we are required to do by law or regulation. During and after the term of the Policy, we and our related entities may use and transfer the information gathered under the Policy in a de-identified format for commercial purposes, including research and analytic purposes. Please refer to our *Notice of Privacy Practices*.

For complete listings of your medical records or billing statements we recommend that you contact your health care provider. Providers may charge you reasonable fees to cover their costs for providing records or completing requested forms.

If you request medical forms or records from us, we also may charge you reasonable fees to cover costs for completing the forms or providing the records.

In some cases, as permitted by law, we will designate other persons or entities to request records or information from or related to you, and to release those records as necessary. Our designees have the same rights to this information as we have.

Physical Examinations and Autopsy: We, at our own expense, shall have the right and opportunity to examine the Covered Person when and as often as it may reasonably require during the pendency of a claim hereunder and to make an autopsy in case of death where it is not forbidden by law.

Workers' Compensation not Affected

Benefits provided under the Policy do not substitute for and do not affect any requirements for coverage by workers' compensation insurance.

Medicare Eligibility

Benefits under the Policy are not intended to supplement any coverage provided by Medicare. Nevertheless, in some circumstances Covered Persons who are eligible for or enrolled in Medicare may also be enrolled under the Policy.

If you are eligible for or enrolled in Medicare, please read the following information carefully.

If you are eligible for Medicare on a primary basis (Medicare pays before Benefits under the Policy), you should enroll in and maintain coverage under both Medicare Part A and Part B. If you don't enroll and maintain that coverage, and if we are the secondary payer as described in *Section 7: Coordination of Benefits*, we will pay Benefits under the Policy as if you were covered under both Medicare Part A and Part B. As a result, you will be responsible for the costs that Medicare would have paid and you will incur a larger out-of-pocket cost.

If you are enrolled in a *Medicare Advantage* (Medicare Part C) plan on a primary basis (Medicare pays before Benefits under the Policy), you should follow all rules of that plan that require you to seek services from that plan's participating providers. When we are the secondary payer, we will pay any Benefits available to you under the Policy as if you had followed all rules of the *Medicare Advantage* plan. You will be responsible for any additional costs or reduced Benefits that result from your failure to follow these rules, and you will incur a larger out-of-pocket cost.

Reimbursement - Right to Recovery

- Any person or entity who is liable for payment to you on any equitable or legal liability theory.
- These third parties and persons or entities are collectively referred to as "Third Parties".

You agree as follows:

- That you will cooperate with us in protecting our right to reimbursement, including, but not limited to:
 - providing any relevant information requested by us,

- signing and/or delivering such documents as we or our agents reasonably request to secure the reimbursement claim,

- That regardless of whether you have been fully compensated or made whole, we may collect from you the proceeds of any full or partial recovery that you or your legal representative obtain, whether in the form of a settlement (either before or after any determination of liability) or judgment, with such proceeds available for collection to include any and all amounts earmarked as non-economic damage settlement or judgment.
 - That benefits paid by us may also be considered to be benefits advanced. Benefits are considered benefits advanced where it is either now known or later known that some other party may be the primary payor. Benefits advanced will be expected to be repaid through either coordination and/or reimbursement.
 - You agree to advise us, in writing, within a reasonable time of your claim against the third party and to take such action, provide such information and assistance, and execute such documents as we may reasonably require to facilitate enforcement of the claim. We may have a right to a lien, to the extent of benefits advanced, upon any recovery that you receive from the third party, the third party's insurer, or the third party's guarantor. Recovery may be by settlement, judgment or otherwise.
 - That the provisions of this section will apply to your survival claim, estate, and/or the personal representative of your estate.
 - The provisions of this section apply to the parents, guardian, or other representative of a Dependent child who incurs a sickness or injury caused by a third party. If a parent or guardian may bring a claim for damages arising out of a minor's sickness or injury, the terms of this subrogation and reimbursement clause shall apply to that claim.

- All or some of the payment we made exceeded the Benefits under the Policy.
- All or some of the payment was made in error.

The refund equals the amount we paid in excess of the amount we should have paid under the Policy. If the refund is due from another person or organization, the Covered Person agrees to help us get the refund when requested.

If the Covered Person, or any other person or organization that was paid, does not promptly refund the full amount, we may reduce the amount of any future Benefits for the Covered Person that are payable under the Policy. The reductions will equal the amount of the required refund. We may have other rights in addition to the right to reduce future benefits.

Change of Beneficiary

The right to change of beneficiary is reserved to the insured and the consent of the beneficiary or beneficiaries shall not be requisite to surrender or assignment of this Policy or to change of beneficiary or beneficiaries, or to any other changes in this Policy. Generally Accepted Standards of Medical Practice are standards that are based on credible scientific evidence published in peer-reviewed medical literature generally recognized by the relevant medical community, relying primarily on controlled clinical trials, or, if not available, observational studies from more than one institution that suggest a causal relationship between the service or treatment and health outcomes.

If no credible scientific evidence is available, then standards that are based on Physician specialty society recommendations or professional standards of care may be considered. We reserve the right to consult expert opinion in determining whether health care services are Medically Necessary.

We develop and maintain clinical policies that describe the *Generally Accepted Standards of Medical Practice* scientific evidence, prevailing medical standards and clinical guidelines supporting our determinations regarding specific services. These clinical policies (as developed by us and revised from time to time), are available to Covered Persons on www.myuhc.com or by calling *Customer Care* at the telephone number on your ID card, and to Physicians and other health care professionals on UnitedHealthcareOnline.

Telehealth facilitates patient self-management and caregiver support for patients and includes synchronous interactions and asynchronous store and forward transfers.

In applying the above definition, "asynchronous store and forward," "distant site," "originating site," and "synchronous interaction" shall have the following meanings:

- "Asynchronous store and forward" means the transmission of a patient's medical information from an originating site to the licensed health care provider at a distant site without the presence of the patient.
- "Distant site" means a site where a licensed health care provider who provides Covered Health Services is located while providing these services via a telecommunications system.

These are transitional, supervised living arrangements that provide stable and safe housing, an alcohol/drug-free environment and support for recovery. A sober living arrangement may be utilized as an adjunct to ambulatory treatment when treatment doesn't offer the intensity and structure needed to assist the Covered Person with recovery.
- Supervised living arrangements which are residences such as facilities, group homes and supervised apartments that provide members with stable and safe housing and the opportunity to learn how to manage their activities of daily living. Supervised living arrangements may be utilized as an adjunct to treatment when treatment doesn't offer the intensity and structure needed to assist the Covered Person with recovery.

Unproven Service(s) - services, including medications, that are not effective for treatment of the medical condition and/or not to have a beneficial effect on health outcomes due to insufficient and inadequate clinical evidence from well-conducted randomized controlled trials or cohort studies in the prevailing published peer-reviewed medical literature.

- Well-conducted randomized controlled trials. (Two or more treatments are compared to each other, and the patient is not allowed to choose which treatment is received.)

- Well-conducted cohort studies from more than one institution. (Patients who receive study treatment are compared to a group of patients who receive standard therapy. The comparison group must be nearly identical to the study treatment group.)

We have a process by which we compile and review clinical evidence with respect to certain health services. From time to time, we issue medical and drug policies that describe the clinical evidence available with respect to specific health care services. These medical and drug policies are subject to change without prior notice. You can view these policies at www.myuhc.com.

Please note:

- If you have a Life-Threatening or seriously debilitating condition, we may consider an otherwise Unproven Service to be a Covered Health Service for that health condition. Prior to such a consideration, we must first establish that there is sufficient evidence to conclude that, albeit unproven, the service has significant potential as an effective treatment for that health condition.
- We may consider an otherwise Unproven Service to be a Covered Health Service for a Covered Person with a health condition that is not a Life-Threatening or seriously debilitating condition. For that to occur, all of the following conditions must be met:
 - If the service is one that requires review by the *U.S. Food and Drug Administration (FDA)*, it must be *FDA*-approved.
 - It must be performed by a Physician and in a facility with demonstrated experience and expertise.
 - The Covered Person must consent to the procedure acknowledging that we do not believe that sufficient clinical evidence has been published in peer-reviewed medical literature to conclude that the service is safe and/or effective.
 - At least two studies from more than one institution must be available in published peer-reviewed medical literature that would allow us to conclude that the service is promising but unproven.
 - The service must be available from a Network Physician and/or a Network facility.

Urgent Care Center - a facility that provides Covered Health Services that are required to prevent serious deterioration of your health, and that are required as a result of an unforeseen health condition, or the onset of acute or severe symptoms.

Urgent Request - any claim for medical care or treatment with respect to which the application of the time periods for making non-urgent care determinations:

- Could seriously jeopardize the life or health of the Covered Person or the ability of the Covered person to regain maximum function, or
- In the opinion of a Physician with knowledge of the Covered Person's medical condition, would subject the claimant to serve pain that cannot be adequately managed without the care or treatment that is the subject of the claim for medical care or treatment.
- In determining whether a claim for medical care or treatment involves urgent care, the individual acting on behalf of the plan will apply the judgment of a prudent layperson who possesses an average knowledge of health and medicine. However, if a Physician with knowledge of the Covered Person's medical condition determines that a claim involves urgent care, the claim for medical care or treatment will be treated as an urgent care claim.

Outpatient Prescription Drug

UnitedHealthcare Insurance Company

Schedule of Benefits

Benefits for Prescription Drug Products

Benefits are available for Prescription Drug Products at either a Network Pharmacy or a non-Network Pharmacy and are subject to Copayments and/or Coinsurance or other payments that vary depending on which of the tiers of the Prescription Drug List the Prescription Drug Product is listed.

Benefits for Prescription Drug Products are available when the Prescription Drug Product meets the definition of a Covered Health Service or is prescribed to prevent conception.

If a Brand-name Drug Becomes Available as a Generic

If a Generic becomes available for a Brand-name Prescription Drug Product, the tier placement of the Brand-name Prescription Drug Product may change, and therefore your Copayment and/or Coinsurance may change. You will pay the Copayment and/or Coinsurance applicable for the tier to which the Prescription Drug Product is assigned.

Supply Limits

Benefits for Prescription Drug Products are subject to the supply limits that are stated in the "Description and Supply Limits" column of the Benefit Information table. For a single Copayment and/or Coinsurance, you may receive a Prescription Drug Product up to the stated supply limit.

Note: Some products are subject to additional supply limits based on criteria that we have developed, subject to our periodic review and modification. The limit may restrict the amount dispensed per Prescription Order or Refill and/or the amount dispensed per month's supply, or may require that a minimum amount be dispensed.

You may determine whether a Prescription Drug Product has been assigned a supply limit for dispensing through the Internet at www.myuhc.com or by calling *Customer Care* at the telephone number on your ID card.

Prior Authorization Requirements

Before certain Prescription Drug Products are dispensed to you, either your Physician, your pharmacist or you are required to obtain prior authorization from us or our designee. The reason for obtaining prior authorization from us is to determine whether the Prescription Drug Product, in accordance with our approved guidelines, is each of the following:

- It meets the definition of a Covered Health Service.
- It is not an Experimental or Investigational or Unproven Service.

We may also require you to obtain prior authorization from us or our designee so we can determine whether the Prescription Drug Product, in accordance with our approved guidelines, was prescribed by a Specialist Physician.

Network Pharmacy Prior Authorization

When Prescription Drug Products are dispensed at a Network Pharmacy, the prescribing provider, the pharmacist, or you are responsible for obtaining prior authorization from us.

Non-Network Pharmacy Prior Authorization

When Prescription Drug Products are dispensed at a non-Network Pharmacy, you or your Physician are responsible for obtaining prior authorization from us as required.

If you do not obtain prior authorization from us before the Prescription Drug Product is dispensed, you may pay more for that Prescription Order or Refill. The Prescription Drug Products requiring prior authorization are subject to our periodic review and modification. There may be certain Prescription Drug Products that require you to notify us directly rather than your Physician or pharmacist. You may determine whether a particular Prescription Drug Product requires notification/prior authorization through the Internet at www.myuhc.com or by calling *Customer Care* at the telephone number on your ID card.

If you do not obtain prior authorization from us before the Prescription Drug Product is dispensed, you can ask us to consider reimbursement after you receive the Prescription Drug Product. You will be required to pay for the Prescription Drug Product at the pharmacy. Our contracted pharmacy reimbursement rates (our Prescription Drug Charge) will not be available to you at a non-Network Pharmacy. You may seek reimbursement from us as described in the *Certificate of Coverage (Certificate)* in *Section 5: How to File a Claim*.

When you submit a claim on this basis, you may pay more because you did not obtain prior authorization from us before the Prescription Drug Product was dispensed. The amount you are reimbursed will be based on the Prescription Drug Charge (for Prescription Drug Products from a Network Pharmacy) or the Predominant Reimbursement Rate (for Prescription Drug Products from a non-Network Pharmacy), less the required Copayment and/or Coinsurance, and any deductible that applies.

Benefits may not be available for the Prescription Drug Product after we review the documentation provided and we determine that the Prescription Drug Product is not a Covered Health Service or it is an Experimental or Investigational or Unproven Service.

We may also require prior authorization for certain programs which may have specific requirements for participation and/or activation of an enhanced level of Benefits associated with such programs. You may access information on available programs and any applicable prior authorization, participation or activation requirements associated with such programs through the Internet at www.myuhc.com or by calling *Customer Care* at the telephone number on your ID card.

Step Therapy

Certain Prescription Drug Products for which Benefits are described under this Prescription Drug Schedule of Benefits or Pharmaceutical Products for which Benefits are described in your *Certificate* are subject to step therapy requirements.

Step therapy is a process whereby Prescription Drug Products or Pharmaceutical Products are filled with an effective, but more affordable medication. When appropriate, a more costly medication can be authorized if the Prescription Drug Product or Pharmaceutical Product is not effective in treating the Covered Person's condition. Step therapy is designed to encourage the use of cost-effective Prescription Drug Products or Pharmaceutical Products when appropriate.

If the Covered Person's Physician determines that a Prescription Drug Product or Pharmaceutical Product subject to the step therapy requirements is not medically appropriate or is not satisfactorily treating the Covered Person's condition, the Physician can request an exception to the step therapy process by contacting us at www.unitedhealthcareonline.com.

If the Covered Person is changing policies, we will not require the Covered Person to repeat step therapy when the Covered Person is already being treated for a medical condition by a Prescription Drug Product

provided the Prescription Drug Product is appropriately prescribed and considered safe and effective for the Covered Person's medical condition. However, we may impose a prior authorization requirement for the continued coverage of a Prescription Drug Product prescribed pursuant to step therapy requirements imposed by the former policy. The prescribing provider may also prescribe another Prescription Drug Product covered under this Policy that is medically appropriate for the Covered Person's medical condition.

You may determine whether a particular Prescription Drug Product or Pharmaceutical Product is subject to step therapy requirements through the Internet at www.myuhc.com or by calling *Customer Care* at the telephone number on your ID card.

A request for an exception to the step therapy requirements may be submitted in the same manner as a request for prior authorization for Prescription Drug Products as described in *Prior Authorization Requirements* of this *Outpatient Prescription Drug Schedule of Benefits*.

What You Must Pay

You are responsible for paying the applicable Copayment and/or Coinsurance described in the Benefit Information table.

The amount you pay for any of the following under this Rider will not be included in calculating any Out-of-Pocket Maximum stated in your *Certificate*:

- Certain coupons or offers from pharmaceutical manufacturers. You may access information on which coupons or offers are not permitted through the Internet at www.myuhc.com or by calling *Customer Care* at the telephone number on your ID card.
- The difference between the Predominant Reimbursement Rate and a non-Network Pharmacy's Usual and Customary Charge for a Prescription Drug Product.
- Any non-covered drug product. You are responsible for paying 100% of the cost (the amount the pharmacy charges you) for any non-covered drug product and our contracted rates (our Prescription Drug Charge) will not be available to you.

UNITEDHEALTHCARE INSURANCE COMPANY

Jeffrey Alter, President

Introduction

Coverage Policies and Guidelines

Our Prescription Drug List (PDL) Management Committee is authorized to make tier placement changes on our behalf. The PDL Management Committee makes the final classification of an *FDA*-approved Prescription Drug Product to a certain tier by considering a number of factors including, but not limited to, clinical and economic factors. Clinical factors may include, but are not limited to, evaluations of the place in therapy, relative safety or relative efficacy of the Prescription Drug Product, as well as whether certain supply limits or prior authorization requirements should apply. Economic factors may include, but are not limited to, the Prescription Drug Product's acquisition cost including, but not limited to, available rebates and assessments on the cost effectiveness of the Prescription Drug Product.

We may periodically change the placement of a Prescription Drug Product among the tiers. These changes generally will occur quarterly, but no more than six times per calendar year. These changes may occur without prior notice to you.

When considering a Prescription Drug Product for tier placement, the PDL Management Committee reviews clinical and economic factors regarding Covered Persons as a general population. Whether a particular Prescription Drug Product is appropriate for an individual Covered Person is a determination that is made by the Covered Person and the prescribing Physician.

NOTE: The tier status of a Prescription Drug Product may change periodically based on the process described above. As a result of such changes, you may be required to pay more or less for that Prescription Drug Product. Please access www.myuhc.com through the Internet or call *Customer Care* at the telephone number on your ID card for the most up-to-date tier status.

Identification Card (ID Card) - Network Pharmacy

You must either show your ID card at the time you obtain your Prescription Drug Product at a Network Pharmacy or you must provide the Network Pharmacy with identifying information that can be verified by us during regular business hours.

If you don't show your ID card or provide verifiable information at a Network Pharmacy, you will be required to pay the Usual and Customary Charge for the Prescription Drug Product at the pharmacy.

You may seek reimbursement from us as described in the *Certificate* in *Section 5: How to File a Claim*. When you submit a claim on this basis, you may pay more because you failed to verify your eligibility when the Prescription Drug Product was dispensed. The amount you are reimbursed will be based on the Prescription Drug Charge, less the required Copayment and/or Coinsurance and any deductible that applies.

Submit your claim to the Pharmacy Benefit Manager claims address noted on your ID card.

Designated Pharmacies

If you require certain Prescription Drug Products, including, but not limited to, Specialty Prescription Drug Products, we may direct you to a Designated Pharmacy with whom we have an arrangement to provide those Prescription Drug Products.

If you are directed to a Designated Pharmacy and you choose not to obtain your Prescription Drug Product from a Designated Pharmacy, you will be subject to the non-Network Benefit for that Prescription Drug Product.

Smart Fill Program - Split Fill

Certain Specialty Prescription Drug Products may be dispensed by the Designated Pharmacy in 15-day supplies up to 90 days and at a pro-rated Copayment or Coinsurance. The Covered Person will receive a 15-day supply of their Specialty Prescription Drug Product to determine if they will tolerate the Specialty Prescription Drug Product prior to purchasing a full supply. The Designated Pharmacy will contact the Covered Person each time prior to dispensing the 15-day supply to confirm if the Covered Person is tolerating the Specialty Prescription Drug Product. You may find a list of Specialty Prescription Drug Products included in the *Smart Fill Program*, through the internet at www.myuhc.com or by calling *Customer Care* at the telephone number on your ID card.

Smart Fill Program - 90 Day Supply

Certain Specialty Prescription Drug Products may be dispensed by the Designated Pharmacy in 90-day supplies. The Copayment and/or Coinsurance will reflect the number of days dispensed. The *Smart Fill Program* which offers a 90 day supply of certain Specialty Prescription Drug Products is for a Covered Person who is stabilized on a Specialty Prescription Drug Product included in the *Smart Fill Program*. You may find a list of Specialty Prescription Drug Products included in the *Smart Fill Program*, through the internet www.myuhc.com or by calling *Customer Care* at the telephone number on your ID card.

Limitation on Selection of Pharmacies

If you use Prescription Drug Products in a harmful or abusive manner, or with harmful frequency, your selection of Network Pharmacies may be limited. If this happens, we may require you to select a single Network Pharmacy that will provide and coordinate all future pharmacy services. Benefits will be paid only if you use the designated single Network Pharmacy. If you don't make a selection within 31 days of the date we notify you, we will select a single Network Pharmacy for you.

Rebates and Other Payments

We may receive rebates for certain drugs included on the Prescription Drug List. We do not pass these rebates on to you, nor are they taken into account in determining your Copayments and/or Coinsurance.

We, and a number of our affiliated entities, conduct business with various pharmaceutical manufacturers separate and apart from this *Outpatient Prescription Drug Rider*. Such business may include, but is not limited to, data collection, consulting, educational grants and research. Amounts received from pharmaceutical manufacturers pursuant to such arrangements are not related to this *Outpatient Prescription Drug Rider*. We are not required to pass on to you, and do not pass on to you, such amounts.

Coupons, Incentives and Other Communications

At various times, we may send mailings or provide other communications to you, your Physician, or your pharmacy that communicate a variety of messages, including information about Prescription and non-prescription Drug Products. These communications may include offers that enable you, at your discretion, to purchase the described product at a discount. In some instances, non-UnitedHealthcare entities may support and/or provide content for these communications and offers. Only you and your Physician can determine whether a change in your Prescription and/or non-prescription Drug regimen is appropriate for your medical condition.

Special Programs

We may have certain programs in which you may receive an enhanced or reduced Benefit based on your actions such as adherence/compliance to medication or treatment regimens, and/or participation in health management programs. You may access information on these programs through the Internet at www.myuhc.com or by calling *Customer Care* at the telephone number on your ID card.

Maintenance Medication Program

If you require certain Maintenance Medications, we may direct you to the Mail Order Network Pharmacy to obtain those Maintenance Medications. If you choose not to obtain your Maintenance Medications from the Mail Order Network Pharmacy, you may opt-out of the Maintenance Medication Program through the Internet at www.myuhc.com or by calling *Customer Care* at the telephone number on your ID card. If you choose to opt out of Mail Order Network Pharmacy but do not inform us, you will be subject to the non-Network Benefit for that Prescription Drug Product after the allowed number of fills at Retail Network Pharmacy.

Prescription Drug Products Prescribed by a Specialist Physician

You may receive an enhanced or reduced Benefit, or no Benefit, based on whether the Prescription Drug Product was prescribed by a Specialist Physician. You may access information on which Prescription Drug Products are subject to Benefit enhancement, reduction or no Benefit through the Internet at www.myuhc.com or by calling *Customer Care* at the telephone number on your ID card.

Important Notices under the Patient Protection and Affordable Care Act (PPACA)

Changes in Federal Law that Impact Benefits

There are changes in Federal law which may impact coverage and Benefits stated in the *Certificate of Coverage (Certificate)* and *Schedule of Benefits*. A summary of those changes and the dates the changes are effective appear below. These changes will apply to any "non-grandfathered" plan. Contact your Plan Administrator to determine whether or not your plan is a "grandfathered" or a "non-grandfathered plan". Under the *Patient Protection and Affordable Care Act (PPACA)* a plan generally is "grandfathered" if it was in effect on March 23, 2010 and there are no substantial changes in the benefit design as described in the *Interim Final Rule on Grandfathered Health Plans* at that time.

Patient Protection and Affordable Care Act (PPACA)

Effective for policies that are new or renewing on or after September 23, 2010, the requirements listed below apply.

- Lifetime limits on the dollar amount of essential benefits available to you under the terms of your plan are no longer permitted. Essential benefits include the following:

Ambulatory patient services; emergency services, hospitalization; laboratory services; maternity and newborn care, mental health and substance use disorder services (including behavioral health treatment); prescription drugs; rehabilitative and habilitative services and devices; preventive and wellness services and chronic disease management; and pediatric services, including oral and vision care.
- On or before the first day of the first plan year beginning on or after September 23, 2010, the enrolling group will provide a 30 day enrollment period for those individuals who are still eligible under the plan's eligibility terms but whose coverage ended by reason of reaching a lifetime limit on the dollar value of all benefits.
- Essential benefits for plan years beginning prior to January 1, 2014 can only be subject to restricted annual limits. Restricted annual limits for each person covered under the plan may be no less than the following:
 - For plan or policy years beginning on or after September 23, 2010 but before September 23, 2011, \$750,000.
 - For plan or policy years beginning on or after September 23, 2011 but before September 23, 2012, \$1,250,000.
 - For plan or policy years beginning on or after September 23, 2012 but before January 1, 2014, \$2,000,000.

Please note that for plan years beginning on or after January 1, 2014, essential health benefits cannot be subject to annual or lifetime dollar limits.

- Coverage for enrolled dependent children is no longer conditioned upon full-time student status or other dependency requirements and will remain in place until the child's 26th birthday. If you have a grandfathered plan, the enrolling group is not required to extend coverage to age 26 if the child is eligible to enroll in an eligible employer-sponsored health plan (as defined by law).

On or before the first day of the first plan year beginning on or after September 23, 2010, the enrolling group will provide a 30 day dependent child special open enrollment period for dependent children who are not currently enrolled under the policy and who have not yet reached age 26.

During this dependent child special open enrollment period, subscribers who are adding a dependent child and who have a choice of coverage options will be allowed to change options.

- If your plan includes coverage for enrolled dependent children beyond the age of 26, which is conditioned upon full-time student status, the following applies:

Coverage for enrolled dependent children who are required to maintain full-time student status in order to continue eligibility under the policy is subject to the statute known as *Michelle's Law*. This law amends *ERISA*, the *Public Health Service Act*, and the *Internal Revenue Code* and requires group health plans, which provide coverage for dependent children who are post-secondary school students, to continue such coverage if the student loses the required student status because he or she must take a medically necessary leave of absence from studies due to a serious illness or injury.

- If you do not have a grandfathered plan, in-network benefits for preventive care services described below will be paid at 100%, and not subject to any deductible, coinsurance or copayment. If you have pharmacy benefit coverage, your plan may also be required to cover preventive care medications that are obtained at a network pharmacy at 100%, and not subject to any deductible, coinsurance or copayment, as required by applicable law under any of the following:
 - Evidence-based items or services that have in effect a rating of "A" or "B" in the current recommendations of the *United States Preventive Services Task Force*.
 - Immunizations that have in effect a recommendation from the *Advisory Committee on Immunization Practices of the Centers for Disease Control and Prevention*.
 - With respect to infants, children and adolescents, evidence-informed preventive care and screenings provided for in the comprehensive guidelines supported by the *Health Resources and Services Administration*.
 - With respect to women, such additional preventive care and screenings as provided for in comprehensive guidelines supported by the *Health Resources and Services Administration*.
- Retroactive rescission of coverage under the policy is permitted, with 30 days advance written notice, only in the following two circumstances:
 - The individual performs an act, practice or omission that constitutes fraud.
 - The individual makes an intentional misrepresentation of a material fact.
- Other changes provided for under the *PPACA* do not impact your plan because your plan already contains these benefits. These include:
 - Direct access to OB/GYN care without a referral or authorization requirement.
 - The ability to designate a pediatrician as a primary care physician (PCP) if your plan requires a PCP designation.
 - Prior authorization is not required before you receive services in the emergency department of a hospital.

If you seek emergency care from out-of-network providers in the emergency department of a hospital your cost sharing obligations (copayments/coinsurance) will be the same as would be applied to care received from in-network providers.

Effective for policies that are new or renewing on or after January 1, 2014, the requirements listed below apply:

If your plan includes coverage for Clinical Trials, the following applies:

The clinical trial benefit has been modified to distinguish between clinical trials for cancer and other life threatening conditions and those for non-life threatening conditions. For trials for cancer/other life threatening conditions, routine patient costs now include those for covered individuals participating in a preventive clinical trial and Phase IV trials. This modification is optional for certain grandfathered health plans. Refer to your plan documents to determine if this modification has been made to your plan.

Pre-Existing Conditions:

Any pre-existing condition exclusions (including denial of benefit or coverage) will not apply to covered persons regardless of age.

Some Important Information about Appeal and External Review Rights under PPACA

If you are enrolled in a non-grandfathered plan with an effective date or plan year anniversary on or after September 23, 2010, the *Patient Protection and Affordable Care Act of 2010 (PPACA)*, as amended, sets forth new and additional internal appeal and external review rights beyond those that some plans may have previously offered. Also, certain grandfathered plans are complying with the additional internal appeal and external review rights provisions on a voluntary basis. Please refer to your benefit plan documents, including amendments and notices, or speak with your employer or UnitedHealthcare for more information on the appeal rights available to you. (Also, please refer to the *Claims and Appeal Notice* section of this document.)

What if I receive a denial, and need help understanding it? Please call UnitedHealthcare at the number listed on your health plan ID card.

What if I don't agree with the denial? You have a right to appeal any decision to not pay for an item or service.

How do I file an appeal? The initial denial letter or *Explanation of Benefits* that you receive from UnitedHealthcare will give you the information and the timeframe to file an appeal.

What if my situation is urgent? If your situation is urgent, your review will be conducted as quickly as possible. If you believe your situation is urgent, you may request an expedited review, and, if applicable, file an external review at the same time. For help call UnitedHealthcare at the number listed on your health plan ID card.

Generally, an urgent situation is when your health may be in serious jeopardy. Or when, in the opinion of your doctor, you may be experiencing severe pain that cannot be adequately controlled while you wait for a decision on your appeal.

Who may file an appeal? Any member or someone that member names to act as an authorized representative may file an appeal. For help call UnitedHealthcare at the number listed on your health plan ID card.

Can I provide additional information about my claim? Yes, you may give us additional information supporting your claim. Send the information to the address provided in the initial denial letter or *Explanation of Benefits*.

Can I request copies of information relating to my claim? Yes. There is no cost to you for these copies. Send your request to the address provided in the initial denial letter or *Explanation of Benefits*.

What happens if I don't agree with the outcome of my appeal? If you appeal, we will review our decision. We will also send you our written decision within the time allowed. If you do not agree with the decision, you may be able to request an external review of your claim by an independent third party. If so, they will review the denial and issue a final decision.

If I need additional help, what should I do? For questions on your appeal rights, you may call UnitedHealthcare at the number listed on your health plan ID card for assistance. You may also contact the support groups listed below.

Are verbal translation services available to me during an appeal? Yes. Contact UnitedHealthcare at the number listed on your health plan ID card. Ask for verbal translation services for your questions.

Is there other help available to me? For questions about appeal rights, an unfavorable benefit decision, or for help, you may also contact the *Employee Benefits Security Administration* at 1-866-444-EBSA (3272). Your state consumer assistance program may also be able to help you. (<http://www.dol.gov/ebsa/healthreform/> - click link for Consumer Assistance Programs).

For information on appeals and other *PPACA* regulations, visit www.healthcare.gov.

If your plan includes coverage for Mental Health or Substance Use, the following applies:

Mental Health/Substance Use Disorder Parity

Effective for non-grandfathered small group Policies that are new or renewing on or after January 1, 2014, Benefits are subject to final regulations supporting the *Mental Health Parity and Addiction Equity Act of 2008 (MHPAEA)*. Benefits for mental health conditions and substance use disorder conditions that are Covered Health Services under the Policy must be treated in the same manner and provided at the same level as Covered Health Services for the treatment of other Sickness or Injury. Benefits for Mental Health Services and Substance Use Disorder Services are not subject to any annual maximum benefit limit (including any day, visit or dollar limit).

MHPAEA requires that the financial requirements for coinsurance and copayments for mental health and substance use disorder conditions must be no more restrictive than those coinsurance and copayment requirements for substantially all medical/surgical benefits. *MHPAEA* requires specific testing to be applied to classifications of benefits to determine the impact of these financial requirements on mental health and substance use disorder benefits. Based upon the results of that testing, it is possible that coinsurance or copayments that apply to mental health conditions and substance use disorder conditions in your benefit plan may be reduced.

Effective for grandfathered small group Policies that are new or renewing on or after July 1, 2010, Benefits for mental health conditions and substance use conditions that are Covered Health Services under the Policy will be revised to align prior authorization requirements and excluded services listed in your *Certificate* with Benefits for other medical conditions.

Effective for grandfathered and non-grandfathered large group Policies that are new or renewing on or after July 1, 2010, Benefits are subject to final regulations supporting the *Mental Health Parity and Addiction Equity Act of 2008 (MHPAEA)*. Benefits for mental health conditions and substance use disorder conditions that are Covered Health Services under the Policy must be treated in the same manner and provided at the same level as Covered Health Services for the treatment of other Sickness or Injury. Benefits for Mental Health Services and Substance Use Disorder Services are not subject to any annual maximum benefit limit (including any day, visit or dollar limit).

MHPAEA requires that the financial requirements for coinsurance and copayments for mental health and substance use disorder conditions must be no more restrictive than those coinsurance and copayment requirements for substantially all medical/surgical benefits. *MHPAEA* requires specific testing to be applied to classifications of benefits to determine the impact of these financial requirements on mental

health and substance use disorder benefits. Based upon the results of that testing, it is possible that coinsurance or copayments that apply to mental health conditions and substance use disorder conditions in your benefit plan may be reduced.

Women's Health and Cancer Rights Act of 1998

As required by the *Women's Health and Cancer Rights Act of 1998*, Benefits under the Policy are provided for mastectomy, including reconstruction and surgery to achieve symmetry between the breasts, prostheses, and complications resulting from a mastectomy (including lymphedema).

If you are receiving Benefits in connection with a mastectomy, Benefits are also provided for the following Covered Health Services, as you determine appropriate with your attending Physician:

- All stages of reconstruction of the breast on which the mastectomy was performed;
- Surgery and reconstruction of the other breast to produce a symmetrical appearance; and
- Prostheses and treatment of physical complications of the mastectomy, including lymphedema.

The amount you must pay for such Covered Health Services (including Copayments, Coinsurance and any deductible) are the same as are required for any other Covered Health Service. Limitations on Benefits are the same as for any other Covered Health Service.

Statement of Rights under the Newborns' and Mothers' Health Protection Act

Under Federal law, group health plans and health insurance issuers offering group health insurance coverage generally may not restrict Benefits for any Hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a delivery by cesarean section. However, the plan or issuer may pay for a shorter stay if the attending provider (e.g. your Physician, nurse midwife, or physician assistant), after consultation with the mother, discharges the mother or newborn earlier.

Also, under Federal law, plans and issuers may not set the level of Benefits or out-of-pocket costs so that any later portion of the 48-hour (or 96-hour) stay is treated in a manner less favorable to the mother or newborn than any earlier portion of the stay.

In addition, a plan or issuer may not, under Federal law, require that a Physician or other health care provider obtain authorization for prescribing a length of stay of up to 48 hours (or 96 hours). However, to use certain providers or facilities, or to reduce your out-of-pocket costs, you may be required to obtain precertification. For information on precertification, contact your issuer.

Claims and Appeal Notice

This Notice is provided to you in order to describe our responsibilities under Federal law for making benefit determinations and your right to appeal adverse benefit determinations. To the extent that state law provides you with more generous timelines or opportunities for appeal, those rights also apply to you. Please refer to your benefit documents for information about your rights under state law.

Benefit Determinations

Post-service Claims

Post-service claims are those claims that are filed for payment of Benefits after medical care has been received. If your post-service claim is denied, you will receive a written notice from us within 30 days of receipt of the claim, as long as all needed information was provided with the claim. We will notify you within this 30 day period if additional information is needed to process the claim, and may request a one time extension not longer than 15 days and pend your claim until all information is received.

Once notified of the extension, you then have 45 days to provide this information. If all of the needed information is received within the 45-day time frame, and the claim is denied, we will notify you of the denial within 15 days after the information is received. If you don't provide the needed information within the 45-day period, your claim will be denied.

A denial notice will explain the reason for denial, refer to the part of the plan on which the denial is based, and provide the claim appeal procedures.

If you have prescription drug Benefits and are asked to pay the full cost of a prescription when you fill it at a retail or mail-order pharmacy, and if you believe that it should have been paid under the Policy, you may submit a claim for reimbursement in accordance with the applicable claim filing procedures. If you pay a Copayment and believe that the amount of the Copayment was incorrect, you also may submit a claim for reimbursement in accordance with the applicable claim filing procedures. When you have filed a claim, your claim will be treated under the same procedures for post-service group health plan claims as described in this section.

Pre-service Requests for Benefits

Pre-service requests for Benefits are those requests that require notification or approval prior to receiving medical care. If you have a pre-service request for Benefits, and it was submitted properly with all needed information, we will send you written notice of the decision from us within 15 days of receipt of the request. If you filed a pre-service request for Benefits improperly, we will notify you of the improper filing and how to correct it within five days after the pre-service request for Benefits was received. If additional information is needed to process the pre-service request, we will notify you of the information needed within 15 days after it was received, and may request a one time extension not longer than 15 days and pend your request until all information is received. Once notified of the extension you then have 45 days to provide this information. If all of the needed information is received within the 45-day time frame, we will notify you of the determination within 15 days after the information is received. If you don't provide the needed information within the 45-day period, your request for Benefits will be denied. A denial notice will explain the reason for denial, refer to the part of the plan on which the denial is based, and provide the appeal procedures.

If you have prescription drug Benefits and a retail or mail order pharmacy fails to fill a prescription that you have presented, you may file a pre-service health request for Benefits in accordance with the applicable claim filing procedure. When you have filed a request for Benefits, your request will be treated under the same procedures for pre-service group health plan requests for Benefits as described in this section.

Urgent Requests for Benefits that Require Immediate Attention

Urgent requests for Benefits are those that require notification or a benefit determination prior to receiving medical care, where a delay in treatment could seriously jeopardize your life or health, or the ability to regain maximum function or, in the opinion of a Physician with knowledge of your medical condition, could cause severe pain. In these situations, you will receive notice of the benefit determination in writing or electronically within 72 hours after we receive all necessary information, taking into account the seriousness of your condition.

If you filed an urgent request for Benefits improperly, we will notify you of the improper filing and how to correct it within 24 hours after the urgent request was received. If additional information is needed to process the request, we will notify you of the information needed within 24 hours after the request was received. You then have 48 hours to provide the requested information.

You will be notified of a benefit determination no later than 48 hours after:

- Our receipt of the requested information; or
- The end of the 48-hour period within which you were to provide the additional information, if the information is not received within that time.

A denial notice will explain the reason for denial, refer to the part of the plan on which the denial is based, and provide the claim appeal procedures.

Concurrent Care Claims

If an on-going course of treatment was previously approved for a specific period of time or number of treatments, and your request to extend the treatment is an urgent request for Benefits as defined above, your request will be decided within 24 hours, provided your request is made at least 24 hours prior to the end of the approved treatment. We will make a determination on your request for the extended treatment within 24 hours from receipt of your request.

If your request for extended treatment is not made at least 24 hours prior to the end of the approved treatment, the request will be treated as an urgent request for Benefits and decided according to the timeframes described above. If an on-going course of treatment was previously approved for a specific period of time or number of treatments, and you request to extend treatment in a non-urgent circumstance, your request will be considered a new request and decided according to post-service or pre-service timeframes, whichever applies.

Questions or Concerns about Benefit Determinations

If you have a question or concern about a benefit determination, you may informally contact our *Customer Care* department before requesting a formal appeal. If the *Customer Care* representative cannot resolve the issue to your satisfaction over the phone, you may submit your question in writing. However, if you are not satisfied with a benefit determination as described above, you may appeal it as described below, without first informally contacting a *Customer Care* representative. If you first informally contact our *Customer Care* department and later wish to request a formal appeal in writing, you should again contact *Customer Care* and request an appeal. If you request a formal appeal, a *Customer Care* representative will provide you with the appropriate address.

If you are appealing an urgent claim denial, please refer to *Urgent Appeals that Require Immediate Action* below and contact our *Customer Care* department immediately.

How to Appeal a Claim Decision

If you disagree with a pre-service request for Benefits determination or post-service claim determination or a rescission of coverage determination after following the above steps, you can contact us in writing to formally request an appeal.

Your request should include:

- The patient's name and the identification number from the ID card.
- The date(s) of medical service(s).
- The provider's name.
- The reason you believe the claim should be paid.
- Any documentation or other written information to support your request for claim payment.

Your first appeal request must be submitted to us within 180 days after you receive the claim denial.

Appeal Process

A qualified individual who was not involved in the decision being appealed will be appointed to decide the appeal. If your appeal is related to clinical matters, the review will be done in consultation with a health care professional with appropriate expertise in the field, who was not involved in the prior determination. We may consult with, or seek the participation of, medical experts as part of the appeal resolution process. You consent to this referral and the sharing of pertinent medical claim information through the submission of your appeal. Upon request and free of charge, you have the right to reasonable access to and copies of all documents, records, and other information relevant to your claim for Benefits. In addition, if any new or additional evidence is relied upon or generated by us during the determination of the appeal, we will provide it to you free of charge and sufficiently in advance of the due date of the response to the adverse benefit determination.

Appeals Determinations

Pre-service Requests for Benefits and Post-service Claim Appeals

You will be provided written or electronic notification of the decision on your appeal as follows:

- For appeals of pre-service requests for Benefits as identified above, the first level appeal will be conducted and you will be notified of the decision within 15 days from receipt of a request for appeal of a denied request for Benefits. The second level appeal will be conducted and you will be notified of the decision within 15 days from receipt of a request for review of the first level appeal decision.
- For appeals of post-service claims as identified above, the first level appeal will be conducted and you will be notified of the decision within 30 days from receipt of a request for appeal of a denied claim. The second level appeal will be conducted and you will be notified of the decision within 30 days from receipt of a request for review of the first level appeal decision.

For procedures associated with urgent requests for Benefits, see *Urgent Appeals that Require Immediate Action* below.

If you are not satisfied with the first level appeal decision, you have the right to request a second level appeal. Your second level appeal request must be submitted to us within 60 days from receipt of the first level appeal decision.

Please note that our decision is based only on whether or not Benefits are available under the Policy for the proposed treatment or procedure. The decision to obtain the proposed treatment or procedure regardless of our decision is between you and your Physician.

Urgent Appeals that Require Immediate Action

Your appeal may require immediate action if a delay in treatment could significantly increase the risk to your health, or the ability to regain maximum function, or cause severe pain. In these urgent situations:

- The appeal does not need to be submitted in writing. You or your Physician should call us as soon as possible.
- We will provide you with a written or electronic determination within 72 hours following receipt of your request for review of the determination, taking into account the seriousness of your condition.

- To you or someone who has the legal right to act for you (your personal representative) in order to administer your rights as described in this notice; and
- To the *Secretary of the Department of Health and Human Services*, if necessary, to make sure your privacy is protected.

We have the right to use and disclose health information for your treatment, to pay for your health care and to operate our business. For example, we may use or disclose your health information:

Special rules apply regarding when we may disclose health information to family members and others involved in a deceased individual's care. We may disclose health information to any persons involved, prior to the death, in the care or payment for care of a deceased individual, unless we are aware that doing so would be inconsistent with a preference previously expressed by the deceased.

- **To Business Associates** that perform functions on our behalf or provide us with services if the information is necessary for such functions or services. Our business associates are required, under contract with us, and pursuant to federal law, to protect the privacy of your information and are not allowed to use or disclose any information other than as specified in our contract and as permitted by federal law.
